I. INTRODUCTION

A. RISK FACTORS

Standard Risk Factors:

- Mutual Funds and securities investments are subject to market risks and there is no assurance or guarantee that the objectives of the Scheme/s will be achieved.
- As with any investment in securities, the NAV of the Units issued under the Scheme can go up or down depending on the factors and forces affecting the capital markets.
- Past performance of the Mutual Funds managed by the Sponsors and its affiliates is not necessarily indicative of the future performance of the Scheme.
- The Sponsor or any of its associates is not responsible or liable for any loss resulting from the operation of the Scheme/s, and the Sponsor's initial contribution towards setting up the Mutual Fund is limited to Rs.40,000/-
- Investors in the scheme/s are not being offered any guaranteed or assured rate of returns.
- Bandhan CRISIL IBX Gilt April 2028 Index Fund is only the name of the Scheme and does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which it invests.
- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to Investors in the Scheme.
- Mutual Funds being vehicles of securities investments are subject to market and other risks and there can be no guarantee against loss resulting from investing in the schemes. The various factors which impact the value of scheme investments include but are not limited to fluctuations in the equity and bond markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of securities, tax laws, liquidity of the underlying instruments, settlements periods, trading volumes etc. and securities investments are subject to market risks and there is no assurance or guarantee that the objectives of the Scheme will be achieved.
- From time to time and subject to the Regulations, the Sponsors, the Mutual Funds and investment companies managed by them, their affiliates, their associate companies, subsidiaries of the Sponsors, and the AMC may invest either directly or indirectly in the Scheme. The funds managed by these affiliates, associates, the Sponsors, subsidiaries of the Sponsors and /or the AMC may acquire a substantial portion of the Scheme's Units and collectively constitute a major investor in the Scheme. Accordingly, redemption of Units held by such funds, affiliates/associates and Sponsors might have an adverse impact on the Units of the Scheme because the timing of such redemption may impact the ability of other Unitholders to redeem their Units. Further, as per the Regulation, in case the AMC invests in any of the schemes managed by it, it shall not be entitled to charge any fees on such investments.
- Different types of securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.

Scheme Specific Risk Factors

- The value of the Scheme's investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Scheme may fluctuate and can go up or down.

- Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Scheme's portfolio due to the absence of a well developed and liquid secondary market for debt securities would result, at times, in potential losses to the Scheme, in case of a subsequent decline in the value of securities held in the Scheme's portfolio.
- The NAV of the scheme to the extent invested in Money market securities, are likely to be affected by changes in the prevailing rates of interest which may affect the value of the Scheme's holdings and thus the value of the Scheme's Units.
- Investment decisions made by the AMC may not always be profitable.
- The ability of the Scheme for payment of Income Distribution cum capital withdrawal will be dependent on the Scheme having distributable surplus and subject to approval of the Trustees. Accordingly, investors may not get Income Distribution cum capital withdrawal in case distributable surplus is not available.

Risk related to Government Securities and money market securities

1. The NAV of the Scheme is likely to be affected by changes in the prevailing rates of interest.
2. Different types of securities in which the scheme would invest (Govt. Securities / money market instruments etc.) as given in the Scheme Information Document carry different levels and types of risks. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern.
3. Money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme(s) and may lead to the Scheme(s) incurring losses till the security is finally sold.
4. **Price-Risk or Interest-Rate Risk:** Government securities and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing these securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. Price-risk is not unique to Government securities but is true for all fixed income securities. Despite a high degree of liquidity in comparison with other debt instruments on occasions, there could be difficulties in transacting in the market due to extreme volatility or unusual constriction in market volumes or on occasions when an unusually large transaction has to be put through.
5. **Reinvestment Risk:** Investments in government securities and money market instruments may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
6. **Credit Risk:** In simple terms this risk means that the issuer of an instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. The credit / default risk, however, in respect of government securities is zero.
7. **Basis Risk (Interest - rate movement):** During the life of a floating rate security, the underlying benchmark index may become less active and may not capture the actual movement in interest rates or at times the benchmark may cease to exist. These types of events may result in loss of value in the portfolio.
8. **Spread Risk:** In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. However, depending upon the market conditions, the spreads may move adversely or favourably leading to fluctuation in the NAV.
9. **Liquidity Risk:** Even though the Government securities market is more liquid compared to other debt market segments, on occasions, there could be difficulties in transacting in the market due to extreme volatility or on occasions when an unusually large transaction has to be put through. Also, the liquidity of the Scheme may suffer in case the relevant guidelines issued by Reserve Bank of India undergo any adverse changes
10. **Other Risk:** In case of downward movement of interest rates, floating rate debt instruments will

give a lower return than fixed rate debt instruments.

Tracking Error Risk:

The Fund Manager would not be able to invest the entire corpus exactly in the same proportion as in the underlying index due to certain factors such as the fees and expenses of the scheme, corporate actions, cash balance, changes to the underlying index, non-availability of issuances, regulatory policies and any such reasons that may affect AMC's ability to achieve close correlation with the underlying index of the scheme. The scheme's returns may therefore deviate from those of its underlying index. "Tracking Error" is defined as the standard deviation of the difference between daily returns of the underlying index and the NAV of the respective scheme. Tracking Error may arise including but not limited to the following reasons: -

- i) Expenditure incurred by the fund.
- ii) The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses. The fund may not be invested at all time as it may keep a portion of the funds in cash to meet redemptions or for corporate actions.
- iii) Securities trading may halt temporarily due to circuit filters.
- iv) Corporate actions such as debenture or warrant conversion, merger, change in constituents etc.
- v) Disinvestments to meet redemptions, recurring expenses, etc.
- vi) Execution of large buy / sell orders
- vii) Transaction cost (including taxes and insurance premium) and recurring expenses
- viii) Realisation of Unit holders' funds

It will be the endeavor of the fund manager to keep the tracking error as low as possible. Under normal circumstances, such tracking error is not expected to exceed 2% per annum. However, in certain events like market volatility during rebalancing of the portfolio following the rebalancing of the underlying index, etc. or in abnormal market circumstances, the tracking error may exceed the above limits. There can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the Index.

Risks associated with segregated portfolio:

1. Liquidity risk – A segregated portfolio is created when a credit event / default occurs at an issuer level in the scheme. This may reduce the liquidity of the security issued by the said issuer, as demand for this security may reduce. This is also further accentuated by the lack of secondary market liquidity for corporate papers in India. As per SEBI norms, the scheme is to be closed for redemption and subscriptions until the segregated portfolio is created, running the risk of investors being unable to redeem their investments. However, it may be noted that, the proposed segregated portfolio is required to be formed within one day from the occurrence of the credit event.

Investors may note that no redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, AMC shall list the units of the segregated portfolio on a recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests. For the units listed on the exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. There is no assurance that an active secondary market will develop for units of segregated portfolio listed on the stock exchange. This could limit the ability of the investors to resell them.

2. Valuation risk - The valuation of the securities in the segregated portfolio is required to be carried out in line with the applicable SEBI guidelines. However, it may be difficult to ascertain the fair value of the securities due to absence of an active secondary market and difficulty to price in qualitative factors.

RISK MANAGEMENT STRATEGIES

The Fund by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in debt and equity markets. The risk control process involves identifying & measuring the risk through various risk measurement tools.

The Fund has identified following risks of investing in equity and debt and designed risk management strategies, which are embedded in the investment process to manage such risks.

Risk	Risk mitigants / management strategy
<p>Market Risk As with all debt securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.</p>	<p>In a rising interest rates scenario the Fund Managers will endeavor to increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity will be increased thereby mitigating risk to that extent.</p>
<p>Liquidity risk : Risk of liquidity impact of entering/ exiting the underlying funds</p>	<p>The Scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds. Liquidity risk is today characteristic of the Indian fixed income market. The fund will however, endeavor to minimise liquidity risk by investing in securities having a liquid market.</p>
<p>Reinvestment Risk This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.</p>	<p>Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.</p>
<p>Credit Risk Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). Because of this risk corporate debentures are sold at a higher yield above those offered on Government Securities which are sovereign obligations and free of credit risk. Normally, the value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the</p>	<p>A traditional SWOT analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off balance sheet exposures, notes, auditors' comments and disclosure standards will also be made to assess the overall financial risk of the potential borrower.</p>

credit risk, the greater the yield required for someone to be compensated for the increased risk.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. However, if such limit is breached during the NFO of the Scheme, the Fund will endeavor to ensure that within a period of three months or the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25 % limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. SPECIAL CONSIDERATIONS, if any

The performance of the underlying index has a direct bearing on performance of the Scheme. In the event the Underlying Index is dissolved or is withdrawn by Index Service Provider or the agreement with the Index Service Provider is terminated for any reason, the Trustee reserves a right to modify the Scheme so as to track a different and suitable index and the procedure stipulated in the Regulations shall be complied with.

Investors may note that AMC/Fund Manager's investment decisions may not be always profitable or prove to be correct.

All the above factors not only affect the prices of securities but may also affect the time taken by the Fund for redemption of units, which could be significant in the event of receipt of a very large number of redemption requests or very large value of redemption requests. The liquidity of the assets may be affected by other factors such as general market conditions, political events, bank holidays and civil strife. In view of this, the Trustee has the right in its sole discretion to limit redemption (including suspension of redemption) under certain circumstances. Please refer to Section titled "Units and Offer".

The liquidity of the Scheme's investments may be restricted by trading volumes, settlement periods and transfer procedures. In the event of an inordinately large number of redemption requests or of a restructuring of the Scheme's portfolio, the time taken by the Scheme for redemption of Units may become significant. In view of this, the Trustee has the right in its sole discretion to limit redemption (including suspension of redemption) under certain circumstances. Please refer to Section titled "Units and Offer".

Redemptions due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any such tax consequences that may arise.

The tax benefits described in this Scheme Information Document (SID) are as available under the present taxation laws and are available subject to conditions. The information given is included for general purpose only and is based on advice received by the AMC regarding the law and practice in force in India and the Unitholders should be aware that the relevant fiscal rules or their interpretation

As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unitholder is advised to consult his/ her own professional tax advisor.

No person has been authorised to give any information or to make any representations not confirmed in this SID in connection with the SID or the issue of Units, and any information or representations not contained herein must not be relied upon as having been authorised by the Mutual Fund or the Asset Management Company.

The AMC is also engaged in portfolio management services (PMS) under SEBI Registration No. INP000002064. The AMC is also providing investment management services to Alternative Investment Funds registered under SEBI (Alternative Investment Funds) Regulations, 2012.

Please refer to Statement of Additional Information (SAI) available on website www.bandhanmutual.com.

Portfolio Turnover

Portfolio turnover is defined as the lower of purchases and sales divided by the average assets under management of the Scheme during a specified period of time.

Portfolio turnover in the scheme will be a function of market opportunities. It is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. The AMC will endeavor to optimize portfolio turnover to optimize risk adjusted return keeping in mind the cost associated with it. A high portfolio turnover rate is not necessarily a drag on portfolio performance and may be representative of investment opportunities that exist in the market.

NOTE ON DEBT MARKET & MONEY MARKET IN INDIA

The Indian debt markets are one of the largest such markets in Asia. Government and Public Sector enterprises are predominant borrowers in the market. While interest rates were regulated till a few years back, there has been a rapid deregulation and currently both the lending and deposit rates are market determined.

The debt markets are developing fast, with the rapid introduction of new instruments including Foreign Portfolio Investors are also allowed to invest in Indian debt markets now. There has been a considerable increase in the trading volumes in the market. The trading volumes are largely concentrated in the Government of India Securities, which contribute a significant proportion of the daily trades.

The money markets in India essentially consist of the call money market (i.e. market for overnight and term money between banks and institutions), repo transactions (temporary sale with an agreement to buy back the securities at a future date at a specified price), commercial papers (CPs, short term unsecured promissory notes, generally issued by corporates), certificate of deposits (CDs, issued by banks) and Treasury Bills & Cash Management Bills (issued by RBI). In a predominantly institutional market, the key money market players are banks, financial institutions, insurance companies, mutual funds, primary dealers and corporates.

G. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of the scheme will be benchmarked against CRISIL-IBX Gilt Index - April 2028.

The Scheme will invest in the constituents of CRISIL Gilt 2028 Index. Therefore the composition of CRISIL Gilt 2028 Index makes it most suited to compare the performance of the Scheme.

ABOUT THE INDEX

CRISIL IBX Gilt April 2028 Index seeks to measure the performance of portfolio of GSecs and Tbills such that the index will terminate on April 05, 2028. The weights assigned to the constituents are as follows:

Gsecs - 98%

TBills – 2%

The index is computed using the total return methodology including price return and coupon return.

Methodology for Gsec Selection in the Index:

1. All Securities are selected on the basis of Amount Outstanding.

2. The Securities should have maturity date within the eligible period. (Eligible period: 6 September, 2027 to 5 April, 2028)
3. Minimum Amount Outstanding should be Rs. 25000 crore.
4. Weights to individual securities will be calculated in the ratio of amount outstanding.

Index will be reviewed and rebalanced every 6 months, eligible securities will be added and weights will be redistributed based on amount outstanding.

Methodology for TBill Selection:

Three 91-Day T-Bill will be selected by rebalancing on a bi-monthly basis. This will consist of last 3 on-the-run 91-day T-bills as on the bi-monthly rebalancing date.

The maturity date of such T-bill selected should not be greater than the maturity of the fund. In case no such on-the-run 91 Day T-Bill is available closer to the maturity date of the fund, T-Bill that is closest to the maturity date but maturing before the maturity date of index will be selected. If such T-Bill matures as well, the proceeds will be invested in TREPS.

The T-bills will be weighted equally on each rebalancing date.

Notes:

1. As the index includes securities that shall mature during the 6 period ending on the final maturity date of the index, any proceeds from the redemption of securities prior to the final maturity date of the index shall be reinvested according to following waterfall approach –
 - I. The proceeds from security redemption will be reinvested in the longest maturity outstanding government security issued and maturing on or just before the index maturity date.
 - II. In case a replacement in the form of another outstanding government security cannot be found for reinvestment then the proceeds from such redemption shall be reinvested in the remaining portfolio on the same date in the proportion of the existing weights.
 - III. In case due to any reason it is not possible to meet the requirements stated in point I and II above, then the proceeds from such redemption shall be reinvested in a T-Bill maturing on or just before the index maturity date.

Investors should also indicate “Direct” in the ARN column of the application form. However, in case Distributor code is mentioned in the application form, but “Direct Plan” is indicated against the Scheme name, the Distributor code will be ignored and the application will be processed under Direct Plan and no commission will be paid to the distributor. In case investors have multiple accounts across the two depositories, the depository having the demat account which has been opened earlier shall be the default depository which will consolidate details across depositories and MF investments and dispatch the CAS to the investor. However, option shall be given to the demat account holder by the default depository to choose the depository through which the investor wishes to receive the CAS.

In case of demat accounts with nil balance and no transactions in securities and in mutual fund folios, the depository shall send the account statement to the investor as specified under the regulations applicable to the depositories.

Consolidated account statement sent by Depositories is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, payout of Income Distribution cum capital withdrawal Option, reinvestment of Income Distribution cum capital withdrawal Option, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and transaction in dematerialised securities across demat accounts of the investors and holding at the end of the month. The CAS shall also provide the total purchase value / cost of investment in each scheme.

Further, a consolidated account statement shall be sent by Depositories every half yearly (September/March), on or before twenty first day of succeeding month, providing the following information:

- holding at the end of the six month
- The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by AMCs/MFs to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as Goods & Services Tax (wherever applicable, as per existing rates), operating expenses, etc.
- The scheme's average Total Expense Ratio (in percentage terms) along with the break up between investment and advisory fees, commission paid to the distributor and other expenses for the period

for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

Investors whose folio(s)/demat account(s) are not updated with PAN shall not receive CAS. Investors are therefore requested to ensure that their folio(s)/demat account(s) are updated with PAN.

For Unit Holders who have provided an e-mail address to the Mutual Fund or in KYC records, the CAS will be sent by e-mail. However, where an investor does not wish to receive CAS through email, option shall be given to the investor to receive the CAS in physical form at the address registered in the Depository system.

Investors who do not wish to receive CAS sent by depositories have an option to indicate their negative consent. Such investors may contact the depositories to opt out.

Other investors:

The Consolidated Account Statement (CAS) for each calendar month shall be issued on or before fifteenth day of succeeding month to the investors who have provided valid Permanent Account Number (PAN) / PAN Exempt KYC Registration Number (PEKRN).

- holding at the end of the six month
- The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by AMCs/MFs to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as Goods & Services Tax (wherever applicable, as per existing rates), operating expenses, etc.
- The scheme's average Total Expense Ratio (in percentage terms) along with the break up between investment and advisory fees, commission paid to the distributor and other expenses for the period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

The CAS will be sent via email (instead of physical statement) where any of the folios consolidated has an email id or to the email id of the first unit holder as per KYC records.

- holding at the end of the six month
- The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by AMCs/MFs to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as Goods & Services Tax (wherever applicable, as per existing rates), operating expenses, etc.
- The scheme's average Total Expense Ratio (in percentage terms) along with the break up between investment and advisory fees, commission paid to the distributor and other expenses for the period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.

MANDATORY QUOTING OF BANK MANDATE BY INVESTORS

As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications and therefore, investors are requested to fill-up the appropriate box in the application form failing which applications are liable to be rejected.

PAN & KYC REQUIREMENTS

It is mandatory for all investors (including joint holders, NRIs, POA holders and guardians in the case of minors) to furnish such documents and information as may be required to comply with the Know Your Customers (KYC) policies under the AML Laws. Applications without such documents and information may be rejected.

In line with clause 14.11 of SEBI Master Circular, Permanent Account Number (PAN) would be the sole identification number for all participants transacting in the securities market, irrespective of the amount of transaction, except (a) investors residing in the state of Sikkim; (b) Central Government, State Government, and the officials appointed by the courts e.g. Official liquidator, Court receiver etc. (under the category of Government) and (c) investors participating only in micro-pension. SEBI, in its subsequent letters dated June 19, 2009 and July 24, 2012 has conveyed that systematic investment plans (SIP) and lumpsum investments (both put together) per mutual fund up to Rs.50,000/- per year per investor shall be exempted from the requirement of PAN.

Accordingly, investments in Bandhan Mutual Fund (including SIP investment where the aggregate of

SIP installments in a rolling 12 months period or in a financial year i.e April to March) of upto Rs 50,000/- per investor per year shall be exempt from the requirement of PAN.

However, eligible Investors (including joint holders) should comply with the KYC requirement through registered KRA by submitting Photo Identification documents as proof of identification and the Proof of Address [self-attested by the investor / attested by the ARN Holder/AMFI distributor]. These exempted investors will have to quote the “PEKRN (PAN exempt KYC Ref No) in the application form. This exemption of PAN will be applicable only to investments by individuals (including NRIs but not PIOs), joint holders, Minors and Sole proprietary firms. PIOs, HUFs and other categories of investors will not be eligible for this exemption.

Thus, submission of PAN is mandatory for all other investors existing as well as prospective investors (except the ones mentioned above) (including all joint applicants/holders, guardians in case of minors, POA holders and NRIs but except for the categories mentioned above) for investing with mutual funds from this date. Investors are required to register their PAN with the Mutual Fund by providing the PAN card copy (along with the original for verification which will be returned across the counter). All investments without PAN (for all holders, including Guardians and POA holders) are liable to be rejected.

Application Forms without quoting of PEKRN shall be considered incomplete and are liable to be rejected without any reference to the investors. The procedure implemented by the AMC and the decisions taken by the AMC in this regard shall be deemed final.

Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee’s name will be recorded by the Fund subject to production of satisfactory evidence.

PLEDGE OF UNITS FOR LOANS

The Units can be pledged by the Unitholders as security for raising loans subject to the conditions of the lending institution. The Registrar will take note of such pledge (by marking a lien etc.) / charge in its records. Disbursement of such loans will be at the entire discretion of the lending institution and the fund assumes no responsibility thereof.

The pledgor will not be able to redeem Units that are pledged until the entity to which the Units are pledged provides written authorisation to the fund that the pledge/lien charge may be removed. As long as Units are pledged, the pledgee will have complete authority to redeem such Units. Decision of the

AMC shall be final in all cases of lien marking.

TRANSMISSION OF UNITS

In cases of transmission of Units consequent on the death of a unitholder, the transferee's name will be recorded by the AMC / Registrar subject to production of satisfactory evidence and completing the requisite procedure / documentation to the satisfaction of the AMC and upon executing suitable indemnities in favor of the Fund and the AMC. Where the Units are held in demat form by the investor, the nomination as registered with the DP will be applicable to the Units. A Nominee / legal heir approaching the Fund for Transmission of Units must have beneficiary account with a DP of CDSL or NSDL, since the Units shall be in demat mode. The Stamp duty payable by the claimant with respect to the indemnity bond and affidavit, shall be in accordance with the stamp duty prescribed by law.

In accordance with clause 17.6.2.f of SEBI Master Circular, the AMC shall not accept requests for redemption from a claimant pending completion of the transmission of units in favour of the claimant. In other words, AMCs shall not entertain or accept any 'Transmission-cum- Redemption' request.

If T-10th falls on a Non-Business day or falls during a book closure period, then valuation will be done based on the last NAV. E.g., if an investor opts Booster SIP cycle on the 15th of each month, NAV as per process shall be

considered as of 4th day (T-10). If the 4th day is falling on a non-business day, we consider the previous latest NAV i.e., if the 4th is a Sunday, we consider Friday's NAV as the latest NAV.

6. The first Booster SIP installment will be processed for the fixed installment amount specified by the unit holder at the time of enrolment. From the second Booster SIP instalment onwards, the investment amount shall be computed as per the formula.

7. In case the Booster SIP transaction is rejected with the reason "Insufficient funds" or any other valid rejection reason (including instalment defaults), the Booster SIP will be stopped immediately, however, the SIP facility will continue for the fixed amount specified by the investor.

Period of holding

As per section 2(42A) of the Income-tax Act, 1961 ('the Act), mutual fund units (other than equity oriented funds) held by the investor as a capital asset is considered as short term capital asset if it is held for a period of up to 36 months. Accordingly, if such unit is held for a period of more than 36 months, it is treated as a long-term capital asset.

However, Finance Act 2023 ('FA 2023') has introduced section 50AA to provide that units in Specified Mutual Funds ('SMF') acquired as a capital asset after 1 April 2023 shall be considered as short term capital asset irrespective of its period of holding. Further, no deduction of STT and no indexation benefit is allowed in case of SMF.

For this purpose, Specified Mutual Fund means a mutual fund where not more than 35% of its total proceeds is invested in equity shares of domestic companies.

1) Long-term capital gains (from units other than units of SMF)

For resident, as per section 112 of the Act, long-term capital gains on transfer of units, are liable to tax at the rate of 20% (with indexation benefits). Base year for indexation for computing long term capital gains shall be 1 April 2001 or the year in which the asset was first held by the assessee, whichever is later¹.

Further, in case of individuals/HUF's, being residents, where the total income excluding long-term capital gains is below the maximum amount not chargeable to tax² [refer paragraph 5], then the difference between the maximum amount not chargeable to tax and total income excluding long term capital gains, shall be adjusted from long term capital gains. Therefore, only the balance long term capital gains will be liable to income tax at the rate of 20%.

In case of non-residents, under section 112 of the Act, long-term capital gains would be taxable at the rate of 10% on the transfer of capital assets, being unlisted securities, without giving effect to the first and the second proviso to section 48 i.e. without taking the benefit of foreign currency fluctuation and indexation benefit. Further, long-term capital gains on transfer of listed units other than equity oriented mutual fund would be taxable at the rate of 20% (plus the applicable surcharge and cess), with indexation benefit.

In case of FPIs, the long-term capital gains from the redemption or transfer of units shall be taxed at the rate of 10% without taking the benefit of foreign currency fluctuation and indexation benefit.

2) Short-term capital gains from units in funds other than equity oriented funds (including SMF)

Short-term capital gains arising on redemption or transfer of units are subject to tax at normal tax rates (Refer paragraph 5 below) and 30% in case of FPIs as per section 115AD.

3) Taxability of income from mutual fund units

With effect from 1 April 2020, income distribution tax has been abolished and now the dividend income will be taxed in the hands of the unitholder at normal tax rates as mentioned in paragraph 5 and 20% in case of FPIs. Further, the applicable TDS rates are mentioned in paragraph 7 below.

As per section 57, the resident unitholders can claim deduction of interest expense to the extent of 20 per cent of income in respect of such units, included in the total income for that year, without deduction under this section.

- 4) Any income, including gains from redemption of units of scheme of Mutual Fund, received by any person for, or on behalf of, the New Pension System Trust³, is exempt in the hands of such person under section 10(44) of the Act.

Further, the concept of marginal rebate has been introduced under section 87A, if the total income marginally exceeds Rs. 700,000.

⁴ The aforesaid new tax regime under section 115BAC of the Act is optional. Accordingly, individuals and HUFs have the option to be taxed under either of the options. The option under new regime once exercised can be changed in subsequent years (not applicable for business income).

Under the new tax regime, most of the deductions/exemptions such as section 80C, 80D, etc. have to be foregone. ⁵ The FA 2023 has extended the application of section 115BAC to association of persons (other than co-operative society), body of individual, whether incorporated or not, and artificial juridical person.

- The FA 2023 also provides that the new tax regime under section 115BAC to become default tax regime unless the person opts otherwise.

Tax rates for other categories are given below:

Partnership firms (including LLP) and Company

Type of tax-payer	Tax rate
Partnership firms (including limited liability partnership)/ domestic company*	30%
Company other than a domestic company	40%

*FA 2023 provides that in case of a domestic company, where the total turnover or gross receipts of such company for financial year 2021-22 does not exceed Rs 400 crores, the rate of tax shall be 25% plus applicable surcharge and cess.

The Taxation Laws (Amendment) Act, 2019 has introduced two new sections i.e., section 115BAA and section 115BAB effective from financial year commencing 1 April 2019:

- **Section 115BAA**
As per section 115BAA, a domestic company can opt for paying tax at a lower rate of 22%, plus applicable surcharge and cess, subject to prescribed conditions especially such that certain deductions and exemptions need to be foregone.
- **Section 115BAB**
As per section 115BAB, new domestic manufacturing companies, which have been set up and registered on or after 1 October 2019 and commenced manufacturing on or before 31 March 2024⁶, can opt for a lower tax rate of 15% plus applicable surcharge and cess subject to prescribed conditions especially such that certain deductions and exemptions need to be foregone.

Where the person opts for section 115BAA or section 115BBA, the provisions of MAT will not apply to such companies. Further, the option has to be exercised before the due date of filing the income-tax return. Once the option is exercised, it cannot be withdrawn subsequently.

Co-operative Society

Income	Tax
Where the total income does not exceed Rs. 10,000	10%
Where such total income is more than Rs 10,000 but is less than or equal to Rs 20,000	Rs. 1,000 plus 20% of amount exceeding Rs. 10,000
Where such total income exceeds Rs. 20,000	Rs. 3,000 plus 30% of amount exceeding Rs. 20,000

As per the Taxation Laws (Amendment) Act, 2019, co-operative societies have an option to pay tax at the reduced rate of 22% plus applicable surcharge and cess as per section 115BAD of the Act.

The FA 2023 has introduced section 115BAE to provide that new manufacturing co-operative society set up and registered on or after 1 April 2023 and, which commences manufacturing or production on or before 31 March 2024 and does not avail any specified incentives or deductions, may opt to pay tax at concessional rate of 15%.

⁶ The FA 2022 has extended last date to commence manufacturing to 31-03-2024.

6) Surcharge and Cess

The tax rates mentioned in paragraph above would be increased by a surcharge of:

a) **For Individuals, HUF, Artificial Juridical Person, AOP⁷ or BOI:**

Nature of Income	Up to Rs. 50 lakhs	More than Rs. 50 lakhs but upto Rs. 1 crore	More than Rs. 1 crore but less than Rs. 2 crores	More than Rs. 2 crores but up to Rs. 5 crores	More than Rs. 5 crores
1. Short-term or Long-term capital gains under section 115AD(1)(b)	NIL	10%	15%	15%	15%
2. Long term capital gain under section 112 ⁸	NIL	10%	15%	15%	15%
3. Income from units of MF ⁹ – Residents and Non-residents	NIL	10%	15%	25%	37%*
4. Any other Income	NIL	10%	15%	25%	37%*

* FA 2023 has capped surcharge to 25% where the person has opted for new tax regime under section 115BAC(1A).

⁷ The FA 2022 has capped surcharge at 15% in case of AOP consisting of only companies.

⁸ The FA 2022 has extended the capping of surcharge (currently applicable on capital gain under section 112A and 111A) on long term capital gain under section 112 as well.

⁹ The FA 2021 caps the surcharge on "dividend". It appears for this purpose that dividend would mean dividend from equity shares and may not cover income from mutual fund schemes/income distributed by mutual funds. This is because the Income-tax Act in several places refers to dividend from equity as "dividend" and dividend from mutual fund as "income distributed by mutual fund". Based on such approach, "mutual fund dividend" is subject to super-rich surcharge.

b) For Firms and LLPs

12% where total income exceeds Rs. 10,000,000.

c) For Companies

Company	Total income upto Rs. 1 crore	Total income exceeds Rs. 1 crore but not Rs. 10 crores	Total income exceeds Rs. 10 crores
Domestic company	NIL	7%	12%
Domestic Company opting for section 115BAA and 115BAB	10%		
Foreign company	NIL	2%	5%

d) For Co-operative Society

Income	Surcharge
Rs. 1,00,00,000 or less	Nil
Income exceeding Rs. 1,00,00,000 but not exceeding Rs 10,00,00,000	7%
Income exceeding Rs 10,00,00,000	12%

For co-operative society which opts to pay tax under section 115BAD and section 115BAE of the Act, as referred above, the rate shall be increased by surcharge @ 10%.

A health and education cess of 4% would be charged on amount of tax inclusive of the applicable surcharge for all taxpayers.

a) Dividend income

Category	TDS rate
Resident	10% (section 194K ¹⁰)

FPI (corporate)	NIL (section 196D ¹²)
FPI (non-corporate)	NIL (section 196D)
Other non-residents	10% / 20% (section 195) [^]

[^] A non-resident investor eligible to claim treaty benefits, would be governed by the provisions of the Act to the extent that they are more beneficial. Accordingly, tax should be withheld as per the provisions of the Act or the provisions of the relevant Double Taxation Avoidance Agreement ('DTAA'), whichever is more beneficial. However, the unit holder will be required to provide appropriate documents to the Mutual Fund in order to be entitled to a beneficial rate under such DTAA. The implications of the provisions of General Anti-avoidance Rules ('GAAR')¹³ and Multilateral instrument ('MLI')¹⁴ will also need to be evaluated.

Requirement to furnish PAN

As per section 206AA, if any deductee (investor) fails to furnish or furnishes incorrect permanent account number (PAN) to deductor (mutual fund), tax shall be deducted at higher of the following rates, namely:-

- (i) at the rates specified in the relevant provision of this Act; or
- (ii) at the rate or rates in force; or
- (iii) at the rate of twenty per cent

Further, where the PAN of a resident becomes inoperative due to non-linking of PAN with Aadhaar, it shall be deemed that PAN has not been furnished.

Higher rate of TDS for non-filer of Income tax return

As per section 206AB, tax will be deducted in case of an investor being a specified person* at higher of the following rates, namely: -

- (i) at twice the rate specified in the relevant provision of the Act; or
- (ii) at twice the rate or rates in force; or
- (iii) at the rate of five per cent

*Specified persons (excluding a non-resident who does not have a permanent establishment in India or a person not required to furnish return of income and is notified by the Central Government) means any person who has not filed the return for the previous year immediately preceding the previous year in which tax is required to be deducted; whose time limit to file return has expired

¹¹ As per section 194K, TDS is not required to be withheld on income in the nature of capital gains.

¹² As per section 196D(2) of the Act, income-tax is not required to be withheld from any income arising to FPIs by way of capital gains on transfer of shares and units referred to in section 115AD.

¹³ GAAR may be invoked by the Indian income-tax authorities if arrangement(s) are found to be impermissible avoidance arrangements. The CBDT has issued clarifications on GAAR (Circular No. 7/2017 dated 27 January 2017). The provisions of GAAR are effective from the financial year commencing April 1, 2017.

¹⁴ The Organisation of Economic Co-operation and Development ('OECD') released the Multilateral Convention to implement Tax Treaty related measures to prevent Base Erosion and Profit Shifting ('MLI'). The MLI, amongst others, includes a "principal purpose test", wherein Tax Treaty benefits can be denied if one of the principal purpose of an arrangement or a transaction was to, directly or indirectly, obtain tax benefit. The MLI has also expanded the scope of permanent establishment to include agent (excluding an independent agent) playing principal role, leading to routine conclusion of contracts without material modification. For this purpose, an agent is not considered independent if it acts exclusively or almost exclusively on behalf of one or more closely related enterprises. India has been an active participant in the entire discussion and its involvement in the BEPS project has been intensive. In a ceremony held in Paris on 7 June 2017, various countries including India, signed the MLIs.

and the aggregate of tax deducted at source and tax collected at source is fifty thousand or more in the said previous year.

If section 206AA is applicable to a specified person, in addition to the provision of section 206AB, the tax shall be deducted at higher of the two rates provided in section 206AB and in section 206AA.

8) Surcharge on TDS

- In case of TDS on payments made to residents, the tax rates would not be increased by surcharge and cess.
- In case of TDS on payments made to non-residents, the tax rates would be increased by surcharge and cess. The surcharge rates are as under:

Nature of Income	Up to Rs. 50 lakhs	More than Rs. 50 lakhs but upto Rs. 1 crore	More than Rs. 1 crore but less than Rs. 2 crores	More than Rs. 2 crores but up to Rs. 5 crores	More than Rs. 5 crores	More than Rs. 10 crores
a) Non-corporates ¹⁵						
• Capital Gains	NIL	10%	15%	25%	37%	
• Long term capital gain under section 112	NIL	10%	15%	15%	15%	
• Dividend income ¹⁶ – FPIs and other non-residents	NIL	10%	15%	25%	37%*	
• Any other Income	NIL	10%	15%	25%	37%*	
b) Corporates	NIL		2% (More than Rs. 1 crore but up to Rs. 10 crores)		5%	

* FA 2023 has capped surcharge to 25% where the income of such person is chargeable to tax under section 115BAC(1A).

The rate of health and education cess is 4%. (applicable on tax plus surcharge).

Stamp duty implications

¹⁵ Non-corporates cover individual, HUF, association of persons or body of individuals, whether incorporated or not, and artificial juridical person.

¹⁶ The FA 2021 caps the surcharge on "dividend". It appears for this purpose that dividend would mean dividend from equity shares and may not cover income from mutual fund schemes/income distributed by mutual funds. This is because the Income-tax Act in several places refers to dividend from equity as "dividend" and dividend from mutual fund as "income distributed by mutual fund". Based on such approach, "mutual fund dividend" is subject to super-rich surcharge.

The Finance Act, 2019 has amended the Indian Stamp Act, 1899 to introduce the levy and collection of stamp duty on the issue and transfer of financial instruments at one place through stock exchanges, clearing corporation and depositories.

State Governments will discontinue to charge/collect stamp duty on securities once amendments are effective. Stock exchange/clearing corporation/depository will transfer the stamp duty to respective state governments.

Based on the present language, there will be incidence of stamp duty on:

- a) The unit holder, for transactions in the units of the fund; and
- b) The fund, for transactions by the fund.

Rate of stamp duty applicable from July 1, 2020 is:

A. For securities other than debentures:-

Transaction/ Instruments	Rates in %
Issuance of units of mutual fund and unlisted shares	0.005
Transfer of securities on delivery basis <i>(including transfer of mutual fund units)</i>	0.015
Transfer of securities on non-delivery basis	0.003
Derivatives: Futures (Equity and commodity)	0.002
Derivatives: Options (Equity and commodity)	0.003
Derivatives: Currency and Interest rates derivatives	0.0001
Other derivatives	0.002
Government securities	0
Repo on corporate bonds	0.00001

B. For debentures:-

Transaction/ Instruments	Rates in %
Issuance of debentures	0.005
Transfer and reissue debentures	0.0001

The collection of stamp duty is subject to the *Indian Stamp (Collection of Stamp-duty through Stock Exchanges, Clearing Corporations and Depositories) Rules, 2019*.

Key points:

- The rules prescribe the collection and payment mechanism of stamp duty by stock exchanges, clearing corporations and depositories (collectively known as ‘collecting agent’).
- Collecting agent may deduct 0.2 percent of the stamp duty collected as facilitation charges before transferring the same to concerned State Government.
- As per notification issued by Ministry of Finance dated 8 January 2020, a Registrar and Share Transfer Agent will be treated as a “depository” for the limited purpose of acting as a “Collecting Agent” only in case of instruments of transactions otherwise than through a stock exchange, i.e., issue of mutual fund units.

The mechanics of stamp duty collection are as under:

Nature of transaction	Duty to be collected from	Responsibility to collect stamp duty
Sale of securities made through stock exchange	Buyer	Stock exchange or clearing corporation

Nature of transaction	Duty to be collected from	Responsibility to collect stamp duty
Off market transfer of securities made through depository (from one demat account to another)	Transferor	Depository
Issue of securities resulting in creation/change in records of Depository	Issuer	Depository
Sale or transfer or issue/reissue of unlisted securities not made through depositories	Seller or transferor or issuer as case may be	
In case of any other instrument	Person making, drawing or executing such instrument	
Transfer of securities pursuant to invocation of pledge	Pledgee	Depository

Redemption of mutual fund units is not liable to stamp duty as it is neither a transfer nor an issue nor a sale. Stamp duty collected is to be transferred within 3 weeks of collection to the State Government where the residence of the buyer is located in India and in case the buyer is located outside India then the State in which the trading member/broker of the buyer is located.
