#RTGS, NEFT or transfer cheque.

#### **9. Minimum Application**

- i. **Directly with Fund** - The Investors can create/Redeem in exchange of Portfolio Deposit and Cash Component in Creation Unit size for the Scheme.

Additionally, in case of large investors, the execution value for direct Subscription / Redemption with the Fund shall be greater than Rs. 25 crores (except for Schemes managed by Employee Provident Fund Organisation (EPFO), India and Recognized Provident Funds, Approved Gratuity Funds and Approved Superannuation Funds under Income Tax Act, 1961, till April 30, 2024 or as specified in the Regulations time to time).

- ii. **On the Exchange** - 1 Unit & in multiples thereof.

#### **10. Units Offered**

As the Units of the Scheme can be bought/sold directly from the Fund, this mechanism provides efficient arbitrage between the traded prices and the NAV, thereby reducing the incidence of the Units of the Scheme being traded at premium/discounts to NAV.

#### **11. Dematerialisation**

The Units of the Scheme are available in dematerialized form. This helps in consolidating with other portfolio holdings.

# I - INTRODUCTION

## A. RISK FACTORS

### 1. STANDARD RISK FACTORS

- a) Investment in the Mutual Fund's Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal. Further, there is no assurance or guarantee that the objective of the Scheme will be achieved.
- b) As the price/value/interest rates of gold and / or the Securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down depending on the factors and forces affecting the capital and bullion market in India.
- c) Past performance of the Sponsors/AMC/ Mutual Fund does not guarantee the future performance of the Scheme.
- d) The name of the Scheme does not in any manner indicate either the quality of the Scheme or its future prospects and returns. Investors are therefore urged to study the terms of the Scheme carefully and consult their investment advisor before they invest in the Scheme.
- e) From time to time and subject to the SEBI Regulations, the Sponsor, their associates, subsidiaries, the Mutual Fund and the AMC may invest directly or indirectly in the Scheme. These entities may acquire a substantial portion of the Scheme's Units and collectively constitute a major Investor in the Scheme. Accordingly, Redemption of Units held by such entities may have an adverse impact on the Scheme because the timing of such Redemption may impact the ability of other Unit holders to Redeem their Units.
- f) The Sponsor is not responsible or liable for any loss or shortfall resulting from the operation of the Scheme beyond the initial contribution made by it of an amount of Rs. 1,00,000/- (Rupees One Lakh only) towards setting up of the Mutual Fund. The associates of the Sponsor are not responsible or liable for any loss or shortfall resulting from operation of the Scheme.
- g) Different types of Securities in which the Scheme would invest as given in this Scheme Information Document carry different levels and types of risks. Accordingly the Scheme's risk may increase or decrease depending upon its investment pattern. For example, equity and Securities carry a higher amount of risk than debt Securities.
- h) As permitted under the SEBI Regulations, the AMC will engage the services of Distributors for the distribution of Units of the Scheme and may make differential payment to the Distributors based on varying fee structures as may be agreed between the AMC and each of the Distributors, the amount of which would typically be connected to the volume of sales.
- i) Investment decisions made by the AMC may not always be profitable.
- j) The present Scheme is not a guaranteed or assured return Scheme.

### 2. SCHEME SPECIFIC RISK FACTORS:

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect the Scheme's NAV, yield, return and/or its ability to meet its objective.

#### (a) Risks relating to Investing in Indian Markets

Investments in India may be affected by political, social, and economic developments affecting India, which may include changes in exchange rates and controls, interest rates, government policies, diplomatic conditions, hostile relations with neighboring countries, taxation policies including the possibility of expropriation or confiscatory taxation, imposition of withholding taxes on Dividend or interest payments, limitation on removal of funds or assets of the Scheme and ethnic, religious and racial disaffections or conflict.

The relative small size and inexperience of the Securities markets in India and the limited volume of trading in Securities may make the Scheme's investments illiquid and more volatile than investments in more established markets.

In addition, the settlement systems may be less developed than in more established markets, which could impede the Scheme's ability to effect portfolio transactions and may result in delayed settlement and the Scheme's investments being settled through a more limited range of counter parties with an accompanying enhanced credit risk.

To the extent the Scheme is subject to margining or pre-payment systems, whereby margin or the entire settlement proceeds for a transaction is required to be posted prior to the settlement date, this can potentially give rise to credit and operational risks as well as potentially borrowing costs for the Scheme.

#### (b) Market Risk

The NAV of the Scheme will react to the securities and bullion market movements. The Investor may lose money over short or long periods due to fluctuation in the Scheme's NAV in response to factors such as economic, political, social instability or diplomatic developments, changes in interest rates and perceived trends in stock prices, market movements and over longer periods during market downturns. Investments may be adversely affected by the possibility of expropriation or confiscatory taxation, imposition of withholding taxes on Dividend or interest payments, limitations on the removal of funds or other assets of the Scheme. The Scheme may not be able to immediately sell certain types of illiquid Securities. The purchase price and subsequent valuation of restricted and illiquid Securities may reflect a discount, which may be significant, from the market price of comparable Securities for which a liquid market exists.

#### (c) Market Trading Risks

1. **Absence of Prior Active Market:** Although the Scheme is listed on NSE and BSE, there can be no assurance that an active secondary market will develop or be maintained. Hence there would be time when trading in the Units of the Scheme would be infrequent.
2. **Trading in Units may be Halted:** Trading in the Units of the Scheme on NSE and BSE may be halted because of market conditions or for reasons that in view of NSE, BSE or SEBI, trading in the Units of the Scheme are not advisable. In addition, trading of the Units of the Scheme are subject to trading halts caused by extraordinary market volatility and pursuant to NSE, BSE and SEBI 'circuit filter' rules. There can be no assurance that the requirements of NSE necessary to maintain the listing of the Units of the Scheme will continue to be met or will remain unchanged.
3. **Lack of Market Liquidity:** The Scheme may not be able to immediately sell certain types of illiquid Securities. The purchase price and subsequent valuation of restricted and illiquid Securities may reflect a discount, which may be significant, from the market price of comparable Securities for which a liquid market exists.

4. **Units of the Scheme May Trade at Prices Other than NAV:** The Units of the Scheme may trade above or below their NAV. The NAV of the Scheme will fluctuate with changes in the market value of the holdings of the Scheme. The trading prices of the Units of the Scheme will fluctuate in accordance with changes in their NAV as well as market supply and demand for the Units of the Scheme. However, given that Units of the Scheme can be created and Redeemed in Creation Units directly with the Fund, it is expected that large discounts or premiums to the NAV of Units of the Scheme will not sustain due to arbitrage opportunity available.
5. **Regulatory Risk:** Any changes in trading regulations by NSE or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/discount to NAV.
6. **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the Securities in the Scheme are reinvested. The additional income from reinvestment is the “interest on interest” component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
7. **Risk of Substantial Redemptions:** Substantial Redemptions of Units within a limited period of time could require the Scheme to liquidate positions more rapidly than would otherwise be desirable, which could adversely affect the value of both the Units being Redeemed and that of the outstanding Units of the Scheme. The risk of a substantial Redemption of the Units may be exacerbated where an investment is made in the Scheme as part of a structured product with a fixed life and where such structured products utilise hedging techniques. Please also refer Statement of Additional Information for additional details.  
 Regardless of the period of time in which Redemptions occur, the resulting reduction in the NAV of the Scheme could also make it more difficult for the Scheme to generate profits or recover losses. The Trustee, in the general interest of the Unit holders of the Scheme offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be Redeemed on any Working Day depending on the total “Saleable Underlying Stock” available with the Fund.

**(d) Volatility Risk**

The equity markets are volatile and the value of Securities and other instruments correlated with the equity markets may fluctuate dramatically from day to day. This volatility may cause the value of investment in the Scheme to decrease.

**(e) Redemption Risk**

Investors may note that even though the Scheme is an open-ended Scheme, the Scheme would ordinarily repurchase Units in Creation Unit size.

Investors can directly approach the AMC for redemption of units of ETFs, for transaction of up to INR 25 Cr without any exit load, in case of the following scenarios:

- The traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days; or
- No quotes are available on stock exchange(s) for 3 consecutive trading days; or
- Total bid size on the exchange is less than half of Creation Unit size daily, averaged over a period of 7 consecutive trading days.

In such a scenario valid application upto 3 p.m., Nippon India MF shall process the Redemption request basis the closing NAV of the day of receipt of application. Such instances shall be tracked by Nippon India AMC on an ongoing basis and incase if any of the above mentioned scenario arises the same shall be disclosed on the website of Nippon India Mutual Fund i.e. [mf.nipponindiaim.com](http://mf.nipponindiaim.com) / [etf.nipponindiaim.com](http://etf.nipponindiaim.com).

**(f) Asset Class Risk**

The returns from the types of Securities in which the Scheme invests may under perform returns of general Securities markets or different asset classes. Different types of Securities tend to go through cycles of out-performance and under-performance in comparison of Securities markets.

**(g) Passive Investments**

The Scheme is not actively managed. The Scheme would be affected by a general decline in the price of physical gold. The Scheme as per its investment objective invests in physical gold regardless of its investment merit. The AMC does not attempt to take defensive positions in declining markets.

**(h) Tracking Error Risk**

The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Under normal market circumstances, such tracking error is not expected to exceed by 2% p.a. However, in case of abnormal circumstances, the tracking error may exceed the above limits subject to approval of AMC and Trustee and disclosure on AMC website.

The Fund Manager would not be able to invest the entire corpus in physical gold due to certain factors such as the fees and expenses of the Scheme, corporate actions, cash balance, changes to the underlying index and regulatory restrictions, which may result in Tracking Error with the underlying index. The Scheme's returns may therefore deviate from those of the underlying index. “Tracking Error” is defined as the annualized standard deviation of the difference in daily returns between the NAV of the Scheme and the underlying index. The Fund Manager would monitor the Tracking Error of the Scheme on an ongoing basis and would seek to minimize the Tracking Error to the maximum extent possible. There can be no assurance or guarantee that the Scheme will achieve any particular level of Tracking Error relative to performance of the underlying Index.

Tracking Error may arise due to the following reasons: -

1. Expenditure incurred by the Fund.
2. Available funds may not be invested at all times as the Scheme may keep a portion of the funds in cash to meet Redemptions, for corporate actions or otherwise.
3. Accounting for indirect taxes including tax reclaims.

Under normal market circumstances, tracking error based on past one year rolling data shall not exceed 2%. However, in case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMCs, the tracking error may exceed 2% and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any. SEBI Regulations (if any) may impose restrictions on the investment and/or divestment activities of the Scheme Such restrictions are typically outside the control of the AMC and may cause or exacerbate the Tracking Error.

**Disclosure of Tracking Error**

The disclosure of tracking error shall be made on monthly basis on the website of the AMC.

**(i) Risks Associated with Investing in Fixed Income Securities**

**i) General Provisions**

Debt Securities are subject to the risk of an issuer's inability to meet principal and interest payments on the obligation (credit risk) and may also be subject to price volatility due to such factors as interest rate sensitivity, market perception of the creditworthiness of the issuer and general market liquidity (market risk). The Fund Manager will consider both credit risk and market risk in making investment decisions for the Scheme.

The timing of transactions in debt obligations, which will often depend on the timing of the Purchases and Redemptions in the Scheme, may result in capital appreciation or depreciation because the value of debt obligations generally varies inversely with the prevailing interest rates.

**ii) Interest Rate Risk**

Changes in interest rates will affect the Scheme's NAV. The prices of Securities usually increase as interest rates decline and usually decrease as interest rates rise. The extent of fall or rise in the prices is guided by duration, which is a function of the existing coupon, days to maturity and increase or decrease in the level of interest rate. The new level of interest rate is determined by the rate at which the government raises new money and/or the price levels at which the market is already dealing in existing Securities. Prices of long-term Securities generally fluctuate more in response to interest rate changes than short-term Securities.

In case of Tri-party Repo on government securities or T-bills, the rate of interest, from time to time, depends upon the number of borrowers at that point of time and the amount to be borrowed by such borrowers.

In the case of Floating Rate Instruments, an additional risk could be due to the change in the spreads of Floating Rate Instruments. If the spreads on Floating Rate Instruments rise, then there could be a price loss on these instruments. Secondly in the case of fixed rate instruments that have been swapped for floating rates, any adverse movement in the fixed rate yields vis-à-vis swap rates could result in losses. The price risk is low in the case of the floating rate or inflation-linked bonds. The price risk does not exist if the investment is made under a Repo agreement.

Debt markets, especially in developing markets like India, can be volatile leading to the possibility of price moving up or down in fixed income Securities and thereby to possible movements in the NAV.

**iii) Prepayment Risk**

A borrower may prepay a receivable prior to its due date. This may result in a change in the yield and tenor for the Scheme.

**iv) Zero Coupon and Deferred Interest Bonds**

The Scheme may invest in zero coupon bonds and deferred interest bonds, which are debt obligations issued at a discount to their face value. The original discount approximates the total amount of interest the bonds will accrue and compound over the period until maturity or the first interest accrual date at a rate of interest reflecting the market rate of the security at the time of issuance. Zero coupon bonds do not provide periodic interest payments and deferred interest bonds generally provide for a period of delay before the regular payment of interest begins. Such investments benefit the issuer by mitigating its initial need for cash to meet debt service and some also provide a higher rate of return to attract Investors who are willing to defer receipt of such cash. Such investments experience greater volatility in market value due to changes in interest rates than debt obligations which provide for regular payments of interest, and the Scheme may accrue income on such obligations even though it receives no cash.

**v) Liquidity or Marketability Risk**

This refers to the ease at which a Security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such period may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of Securities. As liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Fund for Redemption of Units may be significant in the event of an inordinately large number of Redemption requests or restructuring of the Scheme.

**vi) Credit Risk**

Credit Risk means that the issuer of a Security may default on interest payments or even paying back the principal amount on maturity (i.e. the issuer may be unable to make timely principal and interest payments on the Security). Even where no default occurs, the prices of Security may go down because the credit rating of an issuer goes down. However, it must be noted that where the Scheme has invested in Government Securities, the risk of default is lower.

**vii) Risks of Investing in Unrated Debt Securities**

Unrated debt Securities are more likely to react to developments affecting market and credit risk than are more highly rated Securities, which react primarily to movements in the general level of interest rates. Unrated debt Securities are more likely to react to developments affecting market and credit risk than rated debt Securities, which react primarily to movements in the general level of interest rates. Unrated debt Securities are considered predominantly speculative by traditional investment standards and may have poor prospects for reaching investment grade standing. Unrated debt Securities of comparable credit quality (commonly known as "junk bonds") are subject to the increased risk of an issuer's inability to meet principal and interest obligations and further, are usually unsecured and are often subordinated to the rights of other creditors of the issuers of such Securities. These Securities, also referred to as 'high yield Securities', may be subject to greater price volatility due to such factors as specific corporate developments, interest rate sensitivity, negative perceptions or publicity (whether or not based on fundamental analysis) of the junk bond markets generally and less secondary market liquidity.

Unrated debt Securities are issued by less established companies seeking to expand. Such issuers are often highly leveraged and generally less able than more established or less leveraged entities to make scheduled payments of principal and interest in the event of adverse developments or business conditions.

The market value of unrated debt Securities tends to reflect individual corporate developments to a greater extent than that of rated debt Securities which react primarily to fluctuations in the general level of interest rates. As a result, the ability of the Scheme if it invests in unrated debt Securities to achieve its investment objectives may depend to a greater extent on the Fund Manager's judgment concerning the creditworthiness of the issuers of such Securities than the Scheme investing in rated debt Securities. Issuers of unrated debt Securities may not be able to make use of more traditional methods of financing and their ability to service debt obligations may be more adversely affected than issuers of rated debt Securities by economic downturns, specific corporate developments or the issuer's inability to meet specific projected business forecasts.

A holder's risk of loss from default is significantly greater for unrated debt Securities than is the case for holders of other debt Securities because such unrated debt Securities are generally unsecured and are often subordinated to the rights of other creditors of the issuers of such Securities. Investments in defaulted Securities poses additional risk of loss should non-payment of principal and interest continues. Even if such Securities are held to maturity, recovery by the Scheme of its initial investment and any anticipated income or appreciation is uncertain.

The secondary market for unrated debt Securities is concentrated in relatively few market makers and is dominated by institutional investors. Accordingly, the secondary market for such Securities is typically not very liquid, and is more volatile than, the secondary market for rated debt Securities. In addition, market trading volume for high yield fixed income Securities is generally lower and the secondary market for such Securities could contract under adverse market or economic conditions, independent of any specific adverse changes in the condition of a particular issuer. These factors may have an adverse effect on the market price and the Scheme's ability to dispose of particular portfolio investments. A less liquid secondary market also may make it more difficult for the Scheme to obtain precise valuations of the high yield Securities in its portfolio.

#### **viii) Risks Associated with Credit Rating Agencies**

Credit ratings issued by recognised credit rating agencies are designed to evaluate the safety of principal and interest payments of rated Securities. In addition, credit rating agencies may or may not make timely changes in a rating to reflect changes in the economy or in the conditions of the issuer that affect the market value and liquidity of the Security. Credit ratings are used only as a preliminary indicator of investment quality. Investments in unrated debt obligations will be more dependent on the Fund Manager's credit analysis than would be the case with investments in investment grade debt obligations.

#### **(j) Securitised Debt**

Securitised debt instruments carry credit risk of the obligors and are dependent on the servicing of the pass through certificate / contributions or similar instruments. However such risks are mitigated suitably by appropriate pool selection as well as credit enhancements specified by rating agencies. In cases where the underlying facilities are linked to benchmark rates, the securitised debt instrument may be adversely impacted by adverse movements in benchmark rates. However this risk is mitigated to an extent by appropriate credit enhancements specified by rating agencies. Securitised debt instruments also carry the risks of prepayment by the obligors, which can be expected to accelerate during periods of declining interest rates. In case of prepayments of securitised debt instruments, it may result in reduction in the actual duration as compared to the expected duration of the instrument at the time of purchase, which may adversely impact the portfolio yield. Such prepayments can usually be reinvested only at the lower yields then prevailing in the market. Therefore, during periods of declining interest rates, these Securities are less likely than other fixed income obligations to appreciate in value and less effective at locking in a particular yield. These instruments also carry risk associated with the collection agent who is responsible for collection of receivables and depositing them.

The Scheme may invest in domestic securitised debt such as asset backed Securities ("**ABS**") or mortgage backed Securities ("**MBS**"). ABS are securitised debts where the underlying assets are receivable arising from various loans including automobile loans, personal loans, loans against consumer durables, etc. MBS are securitized debts where the underlying assets are receivables arising from loans backed by mortgage of residential /commercial properties. ABS/MBS instruments reflect the undivided interest in the underlying pool of assets and do not represent the obligation of the issuer of ABS/MBS or the originator of the underlying receivables. The ABS/MBS holders have a limited recourse to the extent of credit enhancement provided. If the delinquencies and credit losses in the underlying pool exceed the credit enhancement provided, ABS/MBS holders will suffer credit losses. ABS/MBS are normally exposed to a higher level of reinvestment risk as compared to normal corporate or so sovereign debt.

The risks associated with the underlying assets can be described as follows: Credit card receivables are unsecured. Automobile / vehicle loan receivables are usually secured by the underlying automobile / vehicle and sometimes by a guarantor. Mortgages are secured by the underlying property which may depreciate in value. Personal loans are usually unsecured. Corporate loans could be unsecured or secured by a charge on fixed assets / receivables of the company or a letter of comfort from the parent company or a guarantee from a bank / financial institution. Underlying assets which are secured by a physical asset / guarantor are perceived to be less risky than those which are unsecured. Therefore, the risk and the yield in descending order of magnitude would be credit card receivables, personal loans, vehicle /automobile loans, mortgages and corporate loans assuming the same rating.

#### **(k) Securities Lending**

Securities lending is lending of Securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent Securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the Securities borrowed.

There are risks inherent in Securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of the Securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the Securities, inability of the approved intermediary to return the Securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender in respect of the Securities lent. The Fund may not be able to sell such lent Securities and this can lead to temporary illiquidity.

**(l) Calculation of NAV**

From time to time, materiality thresholds may apply insofar as it relates to errors in the calculation of NAV in accordance with SEBI Regulations. Unit holders should note that the AMC may not pay the Unit holders or the Scheme the amount of any difference in circumstances where any such materiality thresholds provided under SEBI Regulations are not exceeded. Therefore such differences may lead to a different economic result than if such amounts were paid and such errors, which are deemed to be immaterial, will not lead to a reissued and corrected NAV.

As a result, Investors/ Unit holders who have Subscribed for or Redeemed Units of the Scheme on a day on which the materiality thresholds had been applied, the Investors / Unit holders may receive a different economic result than they would have received had the error in calculation of the NAV not happened.

**(m) Investments by the Scheme in other schemes**

The Scheme may invest in other scheme(s) managed by the AMC or in schemes of other mutual funds, provided such investments are in conformity with the investment objectives of the Scheme and in accordance with terms of the prevailing SEBI Regulations. Such investments in other schemes may provide the Scheme access to a specialised investment area or economic sector which can be more effectively accessed by investing in the underlying scheme(s). The Fund Manager will only make such investments if it determines in its discretion that to do so is consistent with the interests of the Unit holders of the Scheme.

The Scheme may invest in schemes operated by third parties. Considering third parties are not subject to the oversight or control of the AMC, the Fund Manager may not have the opportunity to verify the compliance of such schemes with the laws and regulations applicable to them.

It is possible that a number of underlying scheme(s) might take substantial positions in the same security at the same time. This inadvertent concentration may interfere with the Scheme's goal of diversification. The AMC would attempt to alleviate any potential inadvertent concentration as part of its regular monitoring and reallocation process. Conversely the AMC may at any given time, hold opposite positions, such position being taken by different underlying scheme(s). Each such position shall result in transaction fees for the Scheme without necessarily resulting in either a loss or a gain. Moreover, the AMC may proceed to a reallocation of assets between the underlying scheme(s) and liquidate investments made in one or several of them.

Further, many of the underlying scheme(s) in which the Scheme may invest could use special investment techniques or concentrate its investments in only one geographic area or asset investment category, which may subject the Scheme's investments to risks different from those posed by investments in equity or fixed income scheme(s) or risks of the market and of rapid changes to the relevant geographic area or investment category.

When the Scheme invests in other schemes, the Unit holders in the Scheme will also incur fees and expenses (such as, but not limited to, management fees, custody fees, registrar fees, audit fees, etc.) at the level of the underlying scheme in accordance with the offering documents of the relevant scheme(s) and the limits prescribed under the SEBI Regulations.

No assurance can be given that the strategies employed by other schemes in the past to achieve attractive returns will continue to be successful or that the return on the Scheme's investments will be similar to that achieved by the Scheme or other schemes in the past.

**(n) Risk of Changes in Borrowing Rates**

The Scheme may borrow funds on a temporary basis within the limits set forth under the SEBI Regulations. The Scheme may choose to only borrow from the Custodian of the Scheme, and the borrowing rate imposed by the Custodian of the Scheme may change due to market conditions. As a consequence thereof, the borrowing rates imposed by the Custodian may not be the most competitive.

**(o) Risk Factors relating to Portfolio Rebalancing**

In the event that the asset allocation of the Scheme deviates from the ranges as provided in the asset allocation table in this SID, then the Fund Manager will rebalance the portfolio of the Scheme to the position indicated in the asset allocation table. However, if market conditions do not permit the Fund Manager to rebalance the portfolio of the Scheme within the stipulated period then the AMC would notify the Board of the Trustee Company and the Investment Committee of the AMC with appropriate justifications.

**(p) Uncertain Tax Positions**

Prospective Investors should be aware that tax Laws and regulations are constantly changing and that they may be changed with retrospective effect. Moreover, the interpretation and application of tax Laws and regulations by certain tax authorities may not be clear, consistent or transparent. As a result of uncertainty relating to the Fund's potential tax liabilities, including on any historical realized or unrealized gains, as well as liabilities that may arise as a result of investments made by the Scheme which have not reflected tax liabilities in their valuation, the NAV of the Scheme on any dealing day may not accurately reflect such liabilities (including those that are imposed with retrospective effect). In addition, the NAV of the Scheme on any dealing day may reflect an accrual for potential tax liabilities that may subsequently not be paid. Accounting standards may also change, creating an obligation for the Fund to accrue for a potential tax liability that was not previously required to be accrued or in situations where the Fund does not expect to be ultimately subject to such tax liability.

In the event that the Fund subsequently determines to accrue for tax liabilities and/or is required to pay amounts relating to tax liabilities that had not previously been accrued and/or any Scheme investments result in tax liabilities that were not reflected in their valuation (including historic investments), the amount of any such determination or payment will generally be allocated among the Unit holders of the applicable Scheme at the time of such determination or payment, rather than when the income or transaction to which such taxes relate was earned or occurred. Moreover, in the event that the Fund subsequently determines that an accrual for potential tax liabilities exceeds or will exceed the liability for such taxes, the benefit from any such determination will generally be allocated among the Unit holders of the applicable Scheme at the time of such determination, rather than when the income or transaction in respect of which such taxes were accrued was earned or occurred, and Unit holders who previously Redeemed Units of the Scheme will not receive additional compensation or otherwise share such benefit. Unit holders will not be notified of any of the foregoing determinations or payments.

Unit holders that invest in the Units of a Scheme at a time during which any liabilities for taxes are not accrued will invest in the Units of the Scheme at a higher NAV than such Unit holders would have invested had such liabilities been accrued at the time of the applicable investment. In addition, the returns of the Scheme may be considered to have been subject to an inadvertent leverage effect in that those additional assets would have been invested in accordance with the usual investment policy of the Scheme. On the other hand, Unit

holders that Redeem Units of a Scheme at a time during which potential liabilities for taxes are accrued will Redeem Units of the Scheme at a lower NAV than if such liabilities had not been accrued at the time of the applicable Redemption. In that situation the Scheme may also be considered to have been subject to an inadvertent under investment effect if that accrual of taxes is not subsequently paid.

**(q) Risks relating to withholding tax under FATCA**

Pursuant to U.S. withholding provisions commonly referred to as the Foreign Account Tax Compliance Act ("FATCA"), payments of U.S. source fixed or determinable, annual or periodic income, certain payments made after December 31, 2016 of gross proceeds from the sale or other disposition of property that could produce U.S. source interest or Dividends, and certain payments (or a portion thereof) made after 31 December 2016 by a foreign financial institution, to a foreign financial institution or other foreign entity will be subject to a withholding tax of thirty percent (30%) unless it is compliant with various reporting requirements under FATCA. The United States has reached an agreement in substance with respect to an intergovernmental agreement with the Government of India regarding the implementation of FATCA by Indian financial institutions (the "Indian IGA"). Under FATCA and the Indian IGA, the Scheme will be treated as a "foreign financial institution" for this purpose. As a foreign financial institution, in order to be compliant with FATCA, the Scheme will be required to, among other requirements: (i) obtain and verify information on all of its Unit holders to determine which Unit holders are "Specified U.S. Persons" (i.e., U.S. Tax Persons other than tax-exempt entities and certain other persons) and, in certain cases, non-U.S. persons whose owners are Specified U.S. Persons ("U.S. Owned Foreign Entities"); and (ii) annually report information on its Unit holders that are non-compliant with FATCA, Specified U.S. Persons and U.S. Owned Foreign Entities to the Government of India. The Government of India will exchange the information reported to it with the IRS annually on an automatic basis. No assurances can be provided that the Scheme will be exempt from this thirty percent (30%) withholding tax.

Any Unit holder that fails to produce the required information or is otherwise not compliant with FATCA may be subject to thirty percent (30%) withholding on all or a portion of any redemption or distribution payments made by the Scheme after December 31, 2016. Moreover, each Unit holder should be aware that as a result of an investment in the Scheme, the tax authorities in the Unit holder's jurisdiction of tax residence may be provided information relating to such Unit holder, pursuant to the provisions of a treaty, an intergovernmental agreement or otherwise, directly or indirectly by the Scheme. Unit holders should consult their own tax advisors regarding the potential implications of this withholding tax.

**(r) Material Interests of Associates of the Sponsor, AMC & Trustee Company**

The sponsor is Nippon Life Insurance Company, one of the largest insurance companies in Japan, with more than 11 million customers and 70,000 employees.

The following are a few examples of situations where there may be conflicts of interest between the AMC and the other related businesses. They are not, and are not intended to be, a complete enumeration or explanation of all of the material interests that may arise.

- The AMC will make investment decisions for the Scheme as it believes are in the fiduciary interests of the Scheme. Our Sponsors and their associates may also take similar investment decisions or may even take directionally opposite positions, based on their independent analysis. We have Conflict of Interest Policy that requires us to act in a manner that does not prejudice the interests of our investors in any manner vis-à-vis group or associate companies or put one set of investors to an advantage or disadvantage on account of another. This also includes restrictions on sharing of trading information.
- NIMF may also use the services of Group entities as a broker or distributor or service provider on strictly arms length basis.
- The AMC in its sole discretion will determine whether the Scheme will participate in investment opportunities and investors should not expect that the Scheme will participate in any particular investment opportunities.
- The directors, officers, and employees of Nippon India Mutual Fund may buy and sell securities or other investments for their own Accounts within the bounds of the Personal Securities Trading Policy (PSTP) laid down by the company.

Subject to applicable Laws, the AMC, may, from time to time, in-source or outsource certain processes or functions in connection with a variety of services that it provides to the Scheme in its administrative or other capacities.

Any investments in Group and Associate companies will be subject to SEBI Regulations in this regard.

**(s) Valuation of the Scheme's Investments**

The AMC carries out valuation of investments made by the Scheme. The AMC values Securities and assets in the Scheme according to the valuation policies described in the Statement of Additional Information.

**(t) Proxy Voting by the AMC**

The AMC has implemented processes designed to prevent conflicts of interest from influencing proxy voting decisions that it makes on behalf of the Scheme, and to help ensure that such decisions are made in accordance with its fiduciary obligations to the Scheme. Notwithstanding proxy voting processes, proxy voting decisions made by the AMC with respect to Securities held by the Scheme may benefit the interests of AMC other than the Scheme.

**(u) Error and Error Correction**

The AMC has procedures for determining when the AMC will reimburse the Scheme for losses that result from errors by the AMC. Pursuant to such procedures, an error is generally compensable from the AMC to the Scheme when it is a mistake (whether an action or inaction) in which the AMC has deviated from the applicable standard of care under the SEBI Regulations in managing the Scheme's assets, subject to certain materiality and other policies summarized below.

The Code of Conduct under the SEBI Regulations requires the AMC to render at all times high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgement. Although the AMC would seek to follow such requirements, mistakes could occur, which mistakes would not be compensated by the AMC unless they are not in accordance with the requirements under the SEBI Regulations or any materiality thresholds prescribed therein. The AMC's policies do not require perfect implementation of investment management decisions, trading, processing or other functions performed by the AMC or its associates. Therefore, not all mistakes will be considered compensable errors. Imperfections, including without limitation, imperfection in the implementation of investments, execution, cash flow, rebalancing, processing instructions or facilitation of securities settlement; imperfection in processing corporate actions; or imperfection in the generation of cash or holdings reports resulting in trade decisions, are generally not considered by the AMC to be violations of standards of care regardless of whether implemented through programs,

models, tools or otherwise. As a result, such imperfections, including, without limitation, mistakes in amount, timing or direction of a trade, are generally not compensable errors unless such imperfections or mistakes are not in accordance with the requirements under the SEBI Regulations or any materiality thresholds prescribed therein.

Mistakes may also occur in connection with other activities that may be undertaken by the AMC and its associates, such as NAV calculation, transfer agent activities (i.e., processing Subscriptions and Redemptions), fund accounting, trade recording and settlement and other matters that are non-advisory in nature and may not be compensable unless they deviate from the applicable standards, SEBI Regulations or any materiality thresholds prescribed therein. Unit holders will generally not be notified of the occurrence of an error if such error is determined to be non compensable.

Mistakes may result in gains as well as losses. In applying its error and error correction policies, the AMC may determine that it is appropriate to reallocate or remove gains from the Scheme's account that are the result of a mistake.

The AMC makes its determinations pursuant to its error procedures on a case-by-case basis, based on the materiality of the resulting losses. For example, mistakes that result in losses below a threshold (as provided in the SEBI Mutual Fund Regulations) will not be compensable.

When the AMC determines that reimbursement by the AMC is appropriate, compensation received by the Scheme is generally expected to be limited to direct and actual losses, which may be calculated based on factors the AMC considers relevant. Compensation generally will not include any amounts or measures that the AMC determines are speculative or uncertain, including potential opportunity losses or other forms of consequential or indirect losses, and when calculating compensation, the AMC generally will not consider tax implications for, or the tax status of, the Scheme.

The AMC will consider any errors in the calculation of the NAV of the Scheme in order to determine whether corrective action is necessary or compensation is payable to the Scheme or the Unit holders.

The AMC, may, in their sole discretion, authorise the correction of errors, which may impact the processing of Subscriptions for and Redemptions of Shares. The AMC may follow materiality policies with respect to the resolution of errors that may limit or restrict when corrective action would be taken or when compensation to the Scheme or Unit holders will be paid. In addition, subject to policies approved by the AMC consistent with applicable Law, not all mistakes will result in compensable errors.

Unit holders may not be notified of the occurrence of any error or the resolution thereof unless the materiality thresholds provided under SEBI Regulations are exceeded and the correction of the error requires a payment/ recovery of any amounts to/from the Unit holders.

**(v) Indirect taxation**

For valuation of Units of the Scheme, indirect taxes like customs duty, VAT, etc. would also be considered. Hence, any change in the rates of indirect taxation would affect the valuation of the Units of the Scheme.

**(w) Risk of investing in Gold Monetisation Scheme (GMS)**

Nippon India ETF Gold BeES shall, as permitted by SEBI, invest a part of its pool of physical gold assets in Gold Monetisation Scheme run by Banks. Under the GMS, Nippon India ETF Gold BeES will deposit its physical gold assets as principal with the Banks which offer such facility ("the issuer"). A situation could arise where the issuer is unable to return the principal physical gold to Nippon India ETF Gold BeES upon maturity or in case of an early redemption. Such inability to return physical gold could arise on account of liquidity problems or general financial health of the issuer. A default by the issuer under a GMS may result in losses to the Unit holders. GMS being an unlisted and non-transferrable security can be Redeemed only with the issuer and hence, is subject to the risk of an issuer's inability to meet principal and interest payments on the obligation (credit risk). Credit Risk means that the issuer of a Security may default on interest payments or even paying back the principal amount on maturity (i.e. the issuer may be unable to make timely principal and interest payments on the Security) which may result in losses to the Unitholders.

**(x) Risks associated with investing in Tri Party Repo through CCIL (TREPS):**

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus, reducing the settlement and counterparty risks considerably for transactions in the said segments.

CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall".

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members.

Thus, the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower.

Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

**(y) Market risk due to volatility in gold prices**

The price of gold is driven by speculation and supply and demand, like most commodities. The price of gold is volatile because of the

smaller market, lower market liquidity and demand fluctuations between industrial and store of value uses. At times, this can cause wide-ranging valuations in the market, creating volatility.

The key factors that affect the volatility of gold are fluctuating industrial demand and store of value demand, geo-political uncertainties, rising crude oil prices, depreciating dollar, government policies on major export and import destinations, sales by China and other central banks.

The volatility can be attributed to multiple factors like gold and other precious metal prices, major stock market indices, large concentrated short position, US dollar, oil, institutional investors and industrial demand.

**(z) Liquidity risks in physical or derivative markets impairing the ability of the fund to buy and sell gold**

Commodities tend to be more volatile than other instruments. This may have an impact on liquidity. Liquidity considerations may have a price basis risk.

Liquidity risks may arise due to issues related to the supply chain which affects the availability of gold.

During an undetermined situation, similar to what happened during the pandemic, transportation all over the world had come to a standstill. Financial markets had experienced extreme volatility and severe losses, and trading in many instruments had been disrupted. Liquidity for many instruments had been greatly reduced for periods of time, and most commodities were in short supply resulting in illiquid markets for most commodities including gold.

The lack of liquidity in the physical market may also arise due to seasonality of demand and supply or volatility prices.

Lastly, government regulations including change in taxation or duties levied on gold may affect the demand and supply and may affect the liquidity.

**(AA) Risks associated with handling, storing and safekeeping of physical gold**

All physical gold procured must follow the LBMA guidelines as per prescribed SEBI guidelines.

Risk arises when part or all of the gold held by the Fund could be lost, stolen or damaged and access to gold may be restricted due to natural calamities or human actions. loss or damage directly or indirectly occasioned by, happening through or in consequence of war, invasion, acts of foreign enemies, hostilities (whether war be declared or not), civil war, rebellion, revolution, insurrection, military or usurped power. Loss due to aridity, humidity, exposure to light or extremes of temperature. Hence, the Custodian maintains insurance in regard to the business on terms and conditions and the custodian is also responsible for all costs arising from the insurance policies.

The custodian taking delivery on behalf of the AMC needs to ensure the weight, purity, and the source of gold as specified under the LBMA guidelines.

Since this is paramount to the SEBI guidelines the risk arises in violation of same.

Safekeeping of physical gold requires appropriate vaulting space, confirming to the best global standards. The vaulting agents engaged by the custodian needs to ensure the same.

**B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME**

As the Scheme is an Exchange Traded Scheme, the provisions of minimum number of Investors and maximum holding of the Investors are not applicable as per SEBI Regulations and circulars.

**C. SPECIAL CONSIDERATIONS**

- An investment in the Units of the Scheme does not constitute a complete investment programme and Investors may wish to complement an investment in the Scheme with other types of investments.
- Prospective Investors should review/study the SAI along with this SID carefully and in its entirety and shall not construe the contents hereof or regard the summaries contained herein as advice relating to legal, taxation, or financial/investment matters and are advised to consult their own professional advisor(s) as to the legal or any other requirements or restrictions relating to the Subscriptions, gifting, acquisition, holding, disposal (sale, transfer, switch or Redemption or conversion into money) of Units and to the treatment of income (if any), capitalization, capital gains, any distribution, and other tax consequences relevant to their Subscription, acquisition, holding, capitalization, disposal (sale, transfer, switch or Redemption or conversion into money) of Units within their jurisdiction/nationality, residence, domicile etc. or under the laws of any jurisdiction to which they or any managed funds to be used to Purchase/gift Units are subject, and also to determine possible legal, tax, financial or other consequences of Subscribing/gifting to, Purchasing or holding Units before making an application for Units.
- Neither this SID and the SAI, nor the Units have been registered in any jurisdiction outside India. The distribution of this SID in certain jurisdictions may be restricted or subject to registration and accordingly, any person who gets possession of this SID is required to inform themselves about, and to observe, any such restrictions. No person receiving a copy of the SAI and/or this SID or any accompanying Application Form in such jurisdiction may treat the SAI and this SID or such Application Form as constituting an invitation to them to subscribe for Units or solicitation in a jurisdiction where to do so is unlawful or the person making the offer or solicitation is not qualified to do so or a person receiving the offer or solicitation may not lawfully do so, nor should they in any event use any such Application Form unless, in the relevant jurisdiction such an invitation could lawfully be made to them and such Application Form could lawfully be used without compliance of any registration or other legal requirements. It is the responsibility of any persons in possession of this SID and any persons wishing to apply for Units pursuant to this SID to inform themselves of and to observe, all applicable laws and regulations of such relevant jurisdiction. Any changes in SEBI/NSE/BSE/RBI regulations and other applicable Laws/regulations could have an effect on such investments and valuation thereof.
- The Mutual Fund / Trustees / AMC has not authorized any person to give any information or make any representations, either oral or written, not stated in this SID or the SAI in connection with issue or sale of Units under the Scheme. Prospective Investors are advised not to rely upon any information or representations not incorporated in the SAI and SID as the same have not been authorized by the Mutual Fund or the Trustees or the AMC. Any Purchase or Redemption or switch made by any person on the basis of statements or representations which are not contained in this SID or SAI or which are not consistent with the information contained in the Offer Documents shall be solely at the

risk of the Investor / Unit holder(s). Investors are requested to check the credentials of the individual, firm or other entity they are entrusting their Application Form and payment to, for any transaction with the Mutual Fund. The Mutual Fund shall not be responsible for any acts done by the intermediaries representing or purportedly representing such Investor.

- The AMC through itself or through its subsidiaries is restricted from undertaking any business activities that conflict across different activities. The absence of conflict of interest has been disclosed in this SID and the SAI. In the event that there is an unavoidable conflict of interest, the AMC shall satisfy itself that disclosures are made of the source of the conflict of interest, potential 'material risk of damage' to Investor interests and detailed parameters for the same are furnished.
- Redemptions due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustees, the Mutual Fund, the AMC, their directors or their employees shall not be liable for any tax consequences that may arise due to Redemptions.
- Any tax benefits described in this SID are as available under the present taxation Laws and are available subject to conditions. The information given is included for general purpose only and is based on advice received by the AMC regarding the Laws and practice in force in India as on the date of this SID, and the Investors should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Investor is advised to consult his / her / their own professional tax advisor.
- Under certain circumstances, the Trustees / AMC may mandatorily Redeem Units of the Scheme as provided in Section III B 'Ongoing Offer Details – Redemption – General Provisions'.
- If the Units are held by any person in breach of the SEBI Regulations, Law or requirements of any governmental, statutory authority including, without limitation, exchange control regulations, the Mutual Fund may mandatorily Redeem all the Units of any Unit holder where the Units are held by a Unit holder in breach of the same. The Trustee may further mandatorily Redeem Units of any Unit holder in the event it is found that the Unit holder has submitted information either in the application or otherwise that is false, misleading or incomplete.
- If a Unit holder makes a Redemption request immediately after Purchase of Units, the Mutual Fund shall have a right to withhold the Redemption request in accordance with the conditions provided in the Statement of Additional Information. However, this is only applicable if the value of Redemption is such that some or all of the freshly Purchased Units may have to be Redeemed to effect the full Redemption.
- **Extract of the Voting Policy of the AMC applicable to ETFs/ Index Funds such as this Scheme:** In relation to its schemes that are exchange traded funds (ETFs) or index funds which are based on various indices, the Mutual Fund invests in such ETFs / index based funds based on the index which is being tracked by such scheme. In relation to the exercise of such rights the AMC has established guidelines for the exercise of voting or other rights wherein it is stated that for passive funds / ETFs we will generally be abstaining on resolutions.
- **Anti Money Laundering ("AML"):** Nippon India Mutual Fund is committed to comply with all applicable anti money laundering laws and regulations in all of its operations. In India, the Prevention of Money Laundering Act, 2002 ("PMLA") the rules issued there under have been notified. Further, SEBI has also issued guidelines / circulars regarding AML Laws which are required to be followed by the intermediaries. Nippon India Mutual Fund recognizes the value and importance of creating a business environment that strongly discourages money launderers from using Nippon India Mutual Fund. To that end, the Mutual Fund and, the AMC have formulated and implemented a client identification programme and to verify and maintain the record of identity and address(es) of Investors.
- **Know Your Customer ("KYC"):** With effect from 1st January 2011, KYC (Know Your Customer) norms are mandatory for investors for making investments in Mutual Funds, irrespective of the amount of investment. Further, in order to reduce hardship and help investors dealing with SEBI intermediaries, SEBI vide clause no 16.2.4.4 of SEBI Master Circular dated May 19, 2013 informing SEBI registered intermediaries as mentioned therein to follow, with effect from January 01, 2012, a uniform KYC compliance procedure for all the investors dealing with them on or after that date. SEBI also issued KYC Registration Agency ("KRA") Regulations 2011 and the guidelines in pursuance of the said Regulations and for In-Person Verification ("IPV"). SEBI has issued circular no. CIR/MIRSD/ 66 /2016 dated July 21, 2016 and no. CIR/MIRSD/120 /2016 dated Nov. 10, for uniform and smooth implementation of CKYC norms for onboarding of new investors in Mutual funds with effect from 1st Feb 2017. For more details refer to SAI.

**Implementation of the Prevention of Money-laundering (Maintenance of Records) Second Amendment Rules, 2017 with respect to seeding of Aadhaar number:**

## II. INFORMATION ABOUT THE SCHEME

### A. TYPE OF THE SCHEME –

An open ended scheme, listed on the Exchange in the form of an ETF investing in physical gold.

### B. WHAT IS THE INVESTMENT OBJECTIVE OF THE SCHEME?

The investment objective of Nippon India ETF Gold BeES is to provide returns that, before expenses, closely correspond to the returns provided by Domestic price of Gold through physical gold.

There can be no assurance or guarantee that the investment objective of the Scheme will be achieved. However, the performance of the Scheme may differ from that of the underlying physical gold due to Tracking Error.

### C. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

The investment policy of the Scheme shall be as per SEBI Regulations and within the following guidelines. Under normal market circumstances, the investment range would be as follows:

Instruments	Indicative asset allocation (% of total assets)		Risk Profile
	Maximum	Minimum	
Physical Gold and Gold Related Instruments #	100%	95%	Medium to High
Money Market Instruments (with maturity not exceeding 91 days), including Tri-party Repo on government securities and T-bills, cash & cash equivalents, Securitized Debts*	5%	0%	Low to Medium

# Gold related instruments that may be permitted by SEBI from time to time.

\* Investments in securitised debts can be made by the Scheme upto 5% of the net assets.

The above stated percentages are indicative and not absolute.

**Note:** Investment in warehouse receipts and other permitted instruments linked to gold prices and Units of international gold linked ETFs would be made as and when permitted by regulatory authorities.

Further, in accordance with Clause 3.2 of SEBI Master Circular dated May 19, 2023, investment in gold monetisation schemes (“GMS”) of banks by Nippon India ETF Gold BeES is subject to following:

- The cumulative Investment by the Nippon India ETF Gold BeES in gold deposit schemes (“GDS”) and GMS will not exceed 20%, or as prescribed by SEBI from time to time, of the total assets under management of Nippon India ETF Gold BeES.
- A written policy has been put in place with regard to investment in GMS of banks with due approval from the Board of the AMC and Board of the Trustee Company. The policy has provisions to obtain prior approval of the Trustee Company for each investment proposal in GMS of any bank. The policy will be reviewed, at least once a year.
- Gold certificates issued by banks in respect of investments made by Nippon India ETF Gold BeES in GMS shall be held in dematerialized or physical form.
- All other conditions applicable to investments in GDS of banks will also be applicable to investments by Nippon India ETF Gold BeES in GMS.
- Deposits outstanding under the GDS (including investment by Nippon India ETF Gold BeES) will be allowed to run till maturity unless these are withdrawn prematurely.
- GMS will be designated as a gold related instrument.

### D. WHERE WILL THE SCHEME INVEST?

#### Investment in physical gold

The Scheme, in general, will buy physical gold. The investment restrictions and limits are mentioned under the heading ‘Investment Restrictions’.

#### Investment in debt instruments

The Scheme will invest in Money Market Instruments (with maturity not exceeding 91 days), including Tri-party Repo on government securities and T-bills etc. The investment restrictions applicable to debt instruments, as specified in Schedule VII of SEBI Regulations, are mentioned under ‘Investment Restrictions’.

#### Lending of Securities

The Scheme may lend Securities from its portfolio in accordance with the SEBI Regulations and the applicable SEBI guidelines. Securities’ lending shall enable the Scheme to earn income that may partially offset its expenses and thereby reduce the effect these expenses have on the Scheme ability to provide investment returns that correspond generally to the price and yield performance of its index. The Scheme will pay reasonable administrative and custodial fees in connection with the lending of Securities. The Scheme will be exposed to the risk of loss should a borrower default on its obligation to return the borrowed Securities. The Scheme’s share of income from the lending collateral will be included in the Scheme’s gross income. The Fund will comply with the conditions for Securities lending specified by SEBI Regulations and circulars.

The maximum exposure of the Scheme to a single intermediary in the stock lending programme at any point of time would be limited to 50% of the market value of its equity portfolio or upto such limits as may be specified by SEBI. The Scheme will not lend more than 75% of its corpus.

### E. WHAT ARE THE INVESTMENT STRATEGIES?

The AMC uses a “passive” or indexing approach to try and achieve the Scheme’s investment objective. Unlike other Funds, the Scheme does not try to “beat” the markets it tracks and does not seek temporary defensive positions when markets decline or appear over valued. The AMC does

not make any judgments about the investment merit of a particular stock or a particular industry segment or the underlying nor will it attempt to apply any economic, financial or market analysis. Indexing eliminates active management risks with regard to over/ underperformance vis-à-vis a benchmark. The Scheme shall invest all of its funds as per its investment objective and asset allocation pattern, except to meet its liquidity requirements. Passive approach eliminates active management risks pertaining to over/underperformance vis-à-vis a benchmark.

The Scheme will invest upto 100% but at least 95% of its total assets in the physical gold and gold related instruments. The Scheme may hold upto 5% of its total assets in other Securities/instruments. As long as the Scheme invests at least 95% of its total assets in physical gold and gold related instruments, it may also invest its other assets in cash and cash equivalents and short-term high quality debt that would include, obligations of the Indian Government and its agencies, commercial papers (rated by recognized rating agencies), bank certificates of deposit, repurchase agreements (Repo's), Units of money market funds and other Money Market Instruments permissible under the investment norms.

#### **I. Investment in other Schemes**

The Scheme may invest in other Scheme(s) managed by the AMC or in the scheme of any other mutual fund, provided it is in conformity with the investment objectives of the Scheme and in terms of the prevailing SEBI Regulations. As per the SEBI Regulations, the AMC will not charge investment management fees for such investments.

#### **II. Investments by the AMC, the Sponsor, the Trustee Company and /or their associates in the Scheme**

Subject to the SEBI Regulations and other applicable laws, the AMC, the Sponsor, the Trustee Company and/or their associates, may invest in the Scheme during the NFO Period and/or the Ongoing Offer Period. The percentage of such investment to the total NAV may vary from time to time. The AMC shall not charge any investment management and advisory fees on investment by the AMC in the Units of the Scheme in accordance with sub-regulation 17 of Regulation 25 of the SEBI Regulations.

#### **RISK CONTROL**

Investments made by the Scheme would be in accordance with the investment objective of the Scheme and provisions of SEBI Regulations. Since the investing requires disciplined risk management, the AMC has adequate safeguards for controlling risk in the portfolio construction process. The risk control process involves reducing risk through portfolio diversification wherever possible, taking care however not to dilute the returns in the process. It is the belief of the AMC that the diversification would help to achieve desired level of consistency in returns.

#### **CHANGE IN INVESTMENT PATTERN**

Subject to SEBI Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentage stated in the asset allocation table are only indicative and not absolute. These proportions may vary substantially depending upon the perception of the AMC, the intention being all the times to seek to protect the interest of the Unit holders. Such changes in the investment pattern will be for short term and keeping in view the passive nature of the Scheme.

#### **IMPLEMENTATION OF POLICIES**

The Scheme, in general, will buy physical gold and gold related instruments. Expectation is that, over time, the Tracking Error of the Scheme relative to the performance of the Domestic price of Gold will be relatively low.

#### **INVESTMENT PROCESS**

The Scheme will endeavor to track the Domestic price of Gold by investing in physical gold and gold related instruments. Normally, the Fund will receive physical gold from the Authorised Participants/Large Investors against the exchange of Units of the Scheme in Creation Unit size as defined by the Fund. However, in case of large investors, the execution value shall be greater than Rs. 25 crores (except for Schemes managed by Employee Provident Fund Organisation (EPFO), India and Recognized Provident Funds, Approved Gratuity Funds and Approved Superannuation Funds under Income Tax Act, 1961).

The AMC will analyse from time to time different ways of taking exposure in gold from the perspective of risk and return and decide the same in the best interest of Investors.

#### **RECORDING OF INVESTMENT DECISIONS**

The investment decisions are taken by a team comprising of the Chief Investment Officer and Fund Managers based on the underlying index / benchmark for Exchange Traded Funds (ETFs). The Fund Managers along with their rationale record all such investment decisions.

The Chief Executive Officer shall be responsible for compliances of all statutory requirements including SEBI Regulations and will supervise investments decisions of Fund Managers taking into consideration the overall interest of the Unitholders and assume responsibility for the day to day and overall Risk Management function of Mutual Fund.

Under him Fund Manager(s) will look after investment of the funds of the Scheme(s) in a manner to achieve the investment objective of the Scheme and in the interest of Unitholders.

The performance of the Scheme is reviewed by the Board of AMC and Trustees in their periodical meetings. The trustee will review the performance of the scheme on a periodical basis and submit a half yearly report to SEBI on various matters related to compliance and performance of the scheme. They may also compare the performance of the scheme against a benchmark index. The benchmark may be changed in future, if a benchmark better suited to the investment objective of the scheme is available, as may be decided by the AMC and the Trustee in line with SEBI (Mutual Fund) Regulations, 1996 and any change at a later date shall be recorded and reasonably justified.

#### **PORTFOLIO TURNOVER**

Portfolio turnover is the term used by the Fund for measuring the amount of trading that occurs in a Scheme's portfolio during a specified period of time. The Scheme is an open ended Scheme. It is therefore expected that there would be a number of Subscriptions and Redemptions on a daily basis. There may be frequent transaction to buy and sell the Securities resulting in increase in transaction cost. At the same time frequent transactions may increase the profits and which can offset the increase in cost. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. However, the Fund Manager will endeavour to optimize the portfolio turnover to minimize risk and maximize gains while keeping in mind the cost associate with such transaction.

Portfolio turnover is defined as the lower of sales or purchases divided by the average corpus during a specified period of time.

#### **Portfolio Turnover Ratio of the Scheme**

Portfolio Turnover Ratio of the Scheme is 0.06 as on September 30, 2023.

## F. FUNDAMENTAL ATTRIBUTES

Following are the fundamental attributes of the Scheme, in terms of Regulation 18(15A) of the SEBI Regulations:

### (i) Type of a scheme

An open ended scheme, listed on the Exchange in the form of an ETF investing in physical gold.

### (ii) Investment Objectives

- **Investment Objective - Refer to Section II - B: "WHAT IS THE INVESTMENT OBJECTIVE OF THE SCHEME?"**
- **Investment Pattern - Refer to Section II - C: "How will the Scheme allocate its assets?"**

### (iii) Terms of Issue

Provisions with respect to listing, repurchase, Redemption of Units and fees and expenses as indicated in this SID.

In accordance with Regulation 18(15A) of the SEBI Regulations, the Trustee shall ensure that no change in the fundamental attributes of the Scheme and plan(s)/Option(s) thereunder or the trust or fees and expenses payable or any other change which would modify the Scheme and the plan(s)/Option(s) thereunder and affect the interest of the Unit holders, will be carried out unless:

- A written communication about the proposed change is sent to each Unit holder of the Scheme and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a Marathi daily newspaper with wide circulation published in Mumbai (as the head office of the Fund is situated there); and
- The Unitholders are given an option for a period of atleast 30 calendar days to exit at the prevailing Net Asset Value without any exit load.

Fundamental attributes will not cover such actions of the board of directors of Trustee Company or AMC, made in order to conduct the business of the Trust, the Scheme or the AMC, where such business is in the nature of discharging the duties and responsibilities with which they have been charged. Nor will it include changes to the Scheme made in order to comply with changes in SEBI Regulations with which the Scheme has been required to comply.

In addition to the above conditions specified under Regulation 18 (15A), for bringing change in the fundamental attributes of any scheme(s) and the Plan(s) / Option(s), trustees shall take comments from SEBI before bringing such change(s)

## G. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The Trustees have adopted the Domestic price of Gold as the benchmark index.

The investments would be in physical gold and gold related instruments as per its investment objective. Thus, the aforesaid benchmark is such that it is most suited for comparing performance of the Scheme.

A detailed review of the Scheme and the performance of the Scheme vis-à-vis the benchmark will be placed before the board of directors of AMC and Trustee on a quarterly basis. However, the Scheme's performance is likely to differ from the performance of the benchmark on account of the Tracking Error.

In terms of Clause no. 1.8 of SEBI Master Circular dated May 19, 2023, the board of directors of the AMC and Trustees may review the benchmark selection from time to time, and make suitable changes as to use of the benchmark or select an additional or replacement benchmark, or related to composition of the benchmark, whenever it deems necessary after recording an adequate justification for carrying out such change. However, change of benchmark and/or selecting additional benchmarks would be done in compliance with the relevant guidelines of SEBI in this regard.

The Fund Manager will bring to the notice of the board of directors of the AMC, specific factors if any, which are impacting the performance of the Scheme. The board of directors of the AMC on consideration of all relevant factors may, if necessary, give appropriate directions to the AMC. Similarly, the performance of the Scheme will be submitted to the Trustees. The Fund Manager / Chief Investment Officer will explain to the Trustees, the details on the Scheme's performance vis-à-vis the benchmark returns.

### Tracking difference

Tracking difference is defined as the annualized difference of returns between the NAV of the Scheme and physical gold (domestic price of gold).

#### I. WHAT ARE THE INVESTMENT RESTRICTIONS?

Pursuant to the SEBI Regulations, the following are the investment and other limitations as presently applicable to the Scheme at the time of making investments. However, all the investments by the Scheme will be made within the investment objective, asset allocation, described earlier as well as within the investment restrictions as specified in SEBI Regulations, as amended from time to time, including Schedule VII thereof.

1. No term loans for any purpose will be advanced by the Scheme.
2. The Scheme shall not invest more than 10% of its NAV in debt instruments (comprising of Money Market Instruments and non-Money Market Instruments) issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the SEBI Act. Such investment limit may be extended to 12% of the NAV of the Scheme with the prior approval of the Board of directors of the Trustee Company and the AMC. Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and Collateralized Borrowing and Lending Obligations. Provided further that investment within such limit can be made in mortgaged backed securitised debts which are rated not below investment grade by a credit rating agency registered with SEBI.

As per clause 12.8 of SEBI Master circular dated May 19, 2023, the scheme shall not invest more than:

- a. 10% of its NAV in debt and money market securities rated AAA; or
- b. 8% of its NAV in debt and money market securities rated AA; or
- c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation.

3. Investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the following:
  - a. Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
  - b. Exposure of mutual fund schemes in such instruments, shall not exceed 5% of the net assets of the schemes.
  - c. All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.
4. Further the inter Scheme transfer of investments shall be in accordance with the provisions contained in the section 'Inter-Scheme transfer of investments', contained in the Statement of Additional Information. Transfer of investments from the Scheme to another scheme in the Fund shall be allowed only if:
  - a. Such transfers are done at the prevailing market price for quoted instruments on spot basis.  
**Explanation: "Spot basis"** shall have same meaning as specified by Stock Exchange for spot transaction.
  - b. The Securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

5. The Scheme may invest in another scheme under the same AMC or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by the Scheme under the same management or in the scheme under the management of any other asset management company shall not exceed 5% of the NAV of the Fund.
6. Till the SEBI Regulations so require, the Fund shall buy and sell Securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative Securities.
7. Till the SEBI Regulations so require, the Fund shall get the Securities purchased transferred in the name of the Fund on account of the Scheme, wherever investments are intended to be of a long-term nature.
8. Pending deployment of funds of the Scheme in Securities in terms of the investment objectives of the Scheme, a Fund can invest the funds of the Scheme in short-term deposits of scheduled commercial banks within the limits prescribed under SEBI circular and applicable guidelines.
9. The Fund may borrow to meet liquidity needs, for the purpose of repurchase, Redemption of Units or payment of interest or IDCW to the

Unit holders and such borrowings shall not exceed 20% of the net asset of the Scheme and duration of the borrowing shall not exceed 6 months. The Fund may borrow from permissible entities at prevailing market rates and may offer the assets of the Fund as collateral for such borrowing.

10. Till the SEBI Regulations so require, the Scheme shall not make any investment in:
  - i Any unlisted Security of an associate or group company of the Sponsor; or
  - ii Any Security issued by way of private placement by an associate or group company of the Sponsor; or
  - iii The listed Securities of group companies of the Sponsor, which is in excess of 25% of the net assets.
11. The Scheme shall not make any investment in any fund of funds Scheme.
12. The funds of the Scheme shall be invested only in gold or gold related instruments in accordance with the investment objective, except to the extent necessary to meet the liquidity requirements for honouring repurchases or Redemptions, as disclosed in this SID. Presently as per SEBI Regulations, investments by the Scheme can be made only in physical gold and GMS. The total investment in GDS and GMS will not exceed 20% or as prescribed by SEBI from time to time, of total assets under management of Nippon India ETF Gold BeES. Investment in warehouse receipts and other permitted instruments linked to prices of gold and Units of international gold linked ETFs would be made as and when permitted by regulatory authorities.
13. Mutual fund scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging.
 

However, mutual fund schemes may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.
14. The Mutual Fund under all its schemes taken together will not own more than 10% of any companies paid up capital carrying voting rights. Provided, investment in the asset management company or the trustee company of a mutual fund shall be governed by clause (a), of sub-regulation (1), of regulation 7B
15. The Scheme will comply with any other SEBI Regulations applicable to the investments of Mutual Funds from time to time.

#### Investments by the AMC, the Sponsor, the Trustee Company and /or their associates in the Scheme

Subject to the SEBI Regulations and other applicable laws, the AMC, the Sponsor, the Trustee Company and/or their associates, may invest in the Scheme during the NFO Period and/or the Ongoing Offer Period. The percentage of such investment to the total NAV may vary from time to time. The AMC shall not charge any investment management and advisory fees on investment by the AMC in the Units of the Scheme in accordance with sub-regulation 17 of Regulation 25 of the SEBI Regulations.

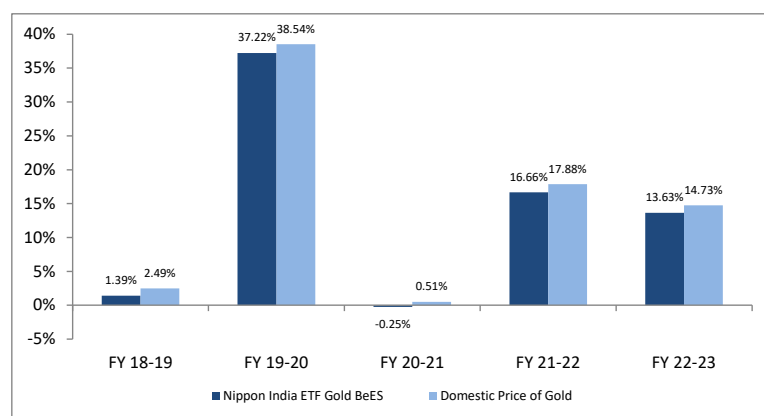

All investment restrictions shall be applicable at the time of making investments. The AMC may alter these limitations/objectives from time to time to the extent the SEBI Regulations change so as to permit the Scheme to make its investments in the full spectrum of permitted investments to achieve its investment objective. The Trustees may from time to time alter these restrictions in conformity with the SEBI Regulations.

All investments of the Scheme will be made in accordance with the SEBI Regulations, including Schedule VII thereof.

## J. SCHEME'S PERFORMANCE

### (a) Absolute Returns

Absolute Returns for each financial year for the last 5 years

### (b) Compounded Annualised Returns (%) as on September 30, 2023

Compounded Annualised Returns	Nippon India ETF Gold BeES (%)	Domestic Price of Gold (%)
Returns for the last 1 year	13.51	14.62
Returns for the last 3 years	3.68	4.59

Returns for the last 5 years	12.54	13.58
Returns since inception	10.45	11.51

**Past performance may or may not be sustained in future and should not be used as a basis for comparison with other investments.**

Returns since inception are calculated from the date of allotment i.e. March 8, 2007. IDCWs (if any) are assumed to be reinvested at the prevailing NAV. Withholding taxes (if any) are excluded while calculating the returns. After payment of IDCW, NAV will fall to the extent of the payout and statutory levy (if applicable).

**(c) Illustration of impact of the Scheme expense ratio on the returns of the Scheme**

An Investor invests Rs.10,000 in the Scheme at a NAV of Rs.10. There is a gain of 10% on the NAV after one year before charging any expenses to the Scheme. Hence, the value of the investment (i.e. Rs.10,000) has, before charging of any expenses, gone up to Rs.11,000 after one year and the return to the Investor before expenses is Rs.1,000. The expense ratio charged to the Scheme is 1% per annum. For sake of simplicity, after deduction of 1% expense ratio on such return\*, the value of the investment of the Investor is reduced to Rs.10,900. This means that Rs.100 is deducted on the return as the expense of the Scheme and the net returns to the Investor after deducting the expense ratio of 1% is 9%. Therefore, in this illustration, the Scheme's returns before expenses would be 10% and the Scheme's returns post expenses would be 9%.

**Below is the tabular representation of the illustration:**

Investment done by the Investor in the Scheme	Rs.10,000
10% gain after 1 year	Rs.1,000
Value of investment after 1 Year before charging expense	Rs.11,000
Annual Expense Ratio charged at 1%	Rs.100
Value of Investment after 1 Year post charging expense	Rs.10,900
Returns before expenses (Rs.)	Rs.1,000
Returns post expenses (Rs.)	Rs.900
Returns before expenses (%)	10.00%
Returns post expenses (%)*	9.00%

(\*Please note that for sake of simplicity in this illustration, the expense ratio is deducted from the gross return on the investment and not the final market value of the investment)

**K. INTRODUCTION TO EXCHANGE TRADED FUNDS**

**Exchange Traded Fund (ETF)**

ETFs are innovative products that provide exposure to an index or a basket of securities or physical gold that trade on the exchange like a single stock. ETFs have a number of advantages over traditional open-ended Index Funds as they can be bought and sold on the exchange at prices that are usually close to the actual intra-day NAV of the Scheme. ETFs are an innovation to traditional mutual funds as ETFs provide Investors a fund that closely tracks the performance of an index / physical gold with the ability to buy/sell on an intra-day basis. Unlike listed close ended funds, which trade at substantial premiums or more frequently at discounts to NAV, ETFs are structured in a manner which allows to create new Units and Redeem outstanding Units directly with the fund, thereby ensuring that ETFs trade close to their actual NAVs.

ETFs are usually passively managed funds wherein subscription /redemption of units work on the concept of exchange with underlying securities. In other words, Large Investors/institutions can Purchase Units by depositing the underlying Securities with the Fund/AMC and can Redeem by receiving the underlying shares in exchange of Units. Units can also be bought and sold directly on the exchange.

ETFs have all the benefits of indexing such as diversification, low cost and transparency. As ETFs are listed on the exchange, costs of distribution are much lower and the reach is wider. These savings in cost are passed on to the Investors in the form of lower costs. Further more, exchange traded mechanism helps reduce minimal collection, disbursement and other processing charges.

The structure of ETFs is such that it protects long-term Investors from inflows and outflows of short-term Investor. This is because the Fund does not bear extra transaction cost when buying/selling due to frequent Subscriptions and Redemptions.

Tracking Error of ETFs is likely to be low as compared to a normal Index Fund. Due to the creation/redemption of units through the in-kind mechanism the fund can keep lesser funds in cash. Also, time lag between buying/selling units and the underlying shares is much lower.

ETFs are highly flexible and can be used as a tool for gaining instant exposure to the equity markets, equitising cash or for arbitraging between the cash and futures market.

**Introduction to Gold Funds**

For thousand of years, gold has been prized for its purity, its beauty and above all its unique characteristics as a store of value.

In today's times, many investors turn to gold because it is an important and secure asset that can be tapped at any time, under virtually any circumstances.

But there is another side to gold that is equally important, and that is its day-to-day performance as a stabilizing influence for investment portfolio. These advantages are currently attracting considerable attention from financial professionals and sophisticated investors worldwide.

## **Gold is an effective diversifier**

Diversification helps protect your portfolio against fluctuations in the value of any asset class. Gold is an ideal diversifier, because the economic forces that determine the price of gold are different from, and in many cases opposed to, the forces that influence most financial assets.

Independent studies have revealed that traditional diversifiers often fall during times of market stress or instability. On these occasions most asset classes (including traditional diversifiers such as bonds and alternative assets) all move together in the same direction. There is no “cushioning” effect of a diversified portfolio, leaving investors disappointed.

For some investors, gold is the foundation of a balanced investment portfolio.

## **Gold is highly liquid**

Gold can be readily bought or sold 24 hours a day, in large denominations and at narrow spreads. This cannot be said of most other investments, including stocks of world's largest corporations. Gold proved to be the most effective means of raising cash during 1987 stock market crash, and again during the 1997-1998 Asian debt crisis. So holding a portion of portfolio in gold related instruments can be invaluable in moments of uncertainty.

## **Benefits of ETFs**

1. Can be easily bought / sold like any other stock on the exchange through terminals spread across the country.
2. Can be bought / sold anytime during market hours at prices that are expected to be close to actual NAV of the schemes. Thus, investor invests at real-time prices as opposed to end of day prices.
3. No separate form filling for buying / selling units. It is just a phone call to your broker or a click on the net.
4. Ability to put limit orders.
5. Minimum investment for an ETF is one unit.
6. Protects long-term investors from the inflows and outflows of short-term investors.
7. Flexible as it can be used as a tool for gaining instant exposure to the respective equity/gold markets, equitising cash, hedging or for arbitraging between the cash and futures market.
8. Helps in increasing liquidity of underlying cash market.
9. Aids low cost arbitrage between futures and cash market.
10. An investor can get a consolidated view of his investments without adding too many different account statements as the Units issued would be in demat form.

## **Uses of ETFs**

### **1. Investors with a long-term horizon**

Allows diversification of portfolio at one shot thereby reducing scrip specific risk at a low cost. Gold ETFs reduce risk of holding physical gold.

### **2. FPIs, Institutions and Mutual Funds**

Allows easy asset allocation, hedging and equitising cash at a low cost.

### **3. Arbitrageurs**

Low impact cost to carry out arbitrage between the cash and the futures market.

### **4. Investors with a shorter term horizon**

Allows liquidity due to ability to trade during the day and expected to have quotes near NAV during the course of trading day.

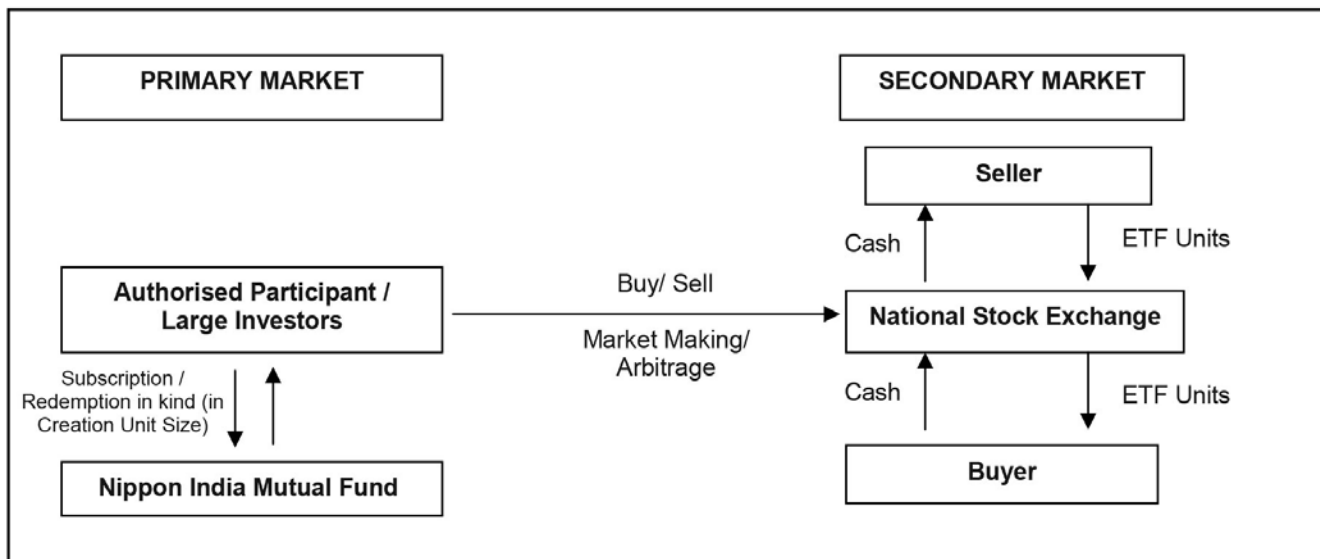

## **Risks of ETFs**

1. **Absence of Prior Active Market:** Although the units of ETFs are listed on the Exchange for trading, there can be no assurance that an active secondary market will develop or be maintained.
2. **Lack of Market Liquidity:** Trading in units of ETFs on the Exchange on which it is listed may be halted because of market conditions or for reasons that, in the view of the concerned stock exchange or market regulator, trading in the ETF units is inadvisable. In addition, trading in the units of ETFs is subject to trading halts caused by extraordinary market volatility pursuant to ‘circuit filter’ rules. There can be no assurance that the requirements of the concerned stock exchange necessary to maintain the listing of the units of ETFs will continue to be met or will remain unchanged.
3. **Units of Exchange Traded Funds May Trade at Prices Other than NAV:** Units of ETFs may trade above or below their NAV. The NAV of units of ETFs may fluctuate with changes in the market value of a Scheme's holdings. The trading prices of units of ETF will fluctuate in accordance with changes in their NAVs as well as market supply and demand. However, given that ETFs can be created / redeemed in creation units, directly with the fund, large discounts or premiums to the NAVs will not sustain due to arbitrage possibility available.

**Comparison of ETFs v/s Open Ended Funds v/s Close Ended Funds:**

	Open Ended Fund	Closed Ended Fund	Exchange Traded Fund
<b>Fund Size</b>	Flexible	Fixed	Flexible
<b>NAV</b>	Daily	Daily	Real time (indicative NAV)
<b>Liquidity provider</b>	Fund itself	Stock Market	Stock Market / Fund itself
<b>Sale price</b>	At NAV plus Load, if any	Significant premium / discount to NAV	Very close to actual NAV of Scheme
<b>Availability</b>	Fund itself	Through Exchange where listed	Through Exchange where listed / Fund itself.
<b>Portfolio disclosure</b>	Disclosed monthly	Disclosed monthly	Daily
<b>Intra-day trading</b>	Not possible	Expensive	Possible at low cost

**L. DEBT MARKETS IN INDIA**

The Indian Debt market is facing major shift in the recent times. The substantial growth in Mutual Fund collections in the past few years have provided an easy route for the investors to channelise their savings into the debt market, which otherwise is largely dominated by Banks and other Institutional investors.

At present, the Indian debt market is dominated by issues of Central Government bonds, Corporate Debentures and PSU Bonds. The new Securitised instruments are also very attractive in the primary market. Risk associated with securitized Debt or PTCs are credit risk, liquidity risk and price risk/interest rate risk. The other instruments available for investment are Commercial Papers, Certificate of Deposits, Government guaranteed bonds, etc.

The Portfolio Deposit and Cash Component is defined as follows :-</p> <p><b>a. Portfolio Deposit:</b> Portfolio Deposit consisting of physical gold which will be in predefined quantity and purity of physical gold and will be defined and announced by the AMC.</p> <p><b>b. Cash Component for Creating in Purchase / Subscription Unit Size:</b> Cash Component represents the difference between the Applicable NAV of Creation Unit and the market value of physical Gold as at the end of the previous day. This difference will represent accrued interest, income earned by the Scheme, accrued annual charges including management fees and residual cash in the Scheme. In addition the Cash Component will include transaction cost as charged by the Custodian/ Depository Participant and other incidental expenses for creating Units. The Cash Component will vary from time to time and will be decided and announced by the AMC. Cash Component for creation will also include Entry Load, if applicable. The Entry Load will be declared by the AMC from time to time and will be within the limits specified under the SEBI Regulations.</p> <p>The Fund may allow cash Purchases of Nippon India ETF Gold BeES in Creation Unit size by Large Investors and Authorised Participants. Additionally, in case of large investors, the execution value for direct Subscription / Redemption with the Fund shall be greater than Rs. 25 crores (except for Schemes managed by Employee Provident Fund Organisation (EPFO), India and Recognized Provident Funds, Approved Gratuity Funds and Approved Superannuation Funds under Income Tax Act, 1961, till April 30, 2024 or as specified in the Regulations time to time). Such Investors shall make creation request to the Fund/AMC whereupon the Fund/AMC will arrange to Purchase the underlying physical gold. The portfolio deposit and Cash Component will be exchanged for Nippon India ETF Gold BeES in Creation Unit size with the Fund. The minimum number of Nippon India ETF Gold BeES that can be Purchased for cash directly with the Fund will be announced by the Fund from time to time.</p> <p>Creation of Units in such Scheme will be done only after full sighting of cash / portfolio deposit in such Scheme accounts.</p> <p><b>Example of Creation of Units</b></p> <p>As explained above, the Creation Unit is made up of 2 components i.e. Portfolio Deposit and Cash Component. The Portfolio Deposit will be determined by Fund. The Portfolio Deposit will be physical gold and will be for 1 kg and in multiples of 1 kg. The value of Portfolio Deposit will change due to changes in the prices during the day.</p>

**The Cash Component will be arrived in the following manner:**

Number of Units comprising one Creation Unit	1,15,000
NAV per Unit	Rs. 49.281
Value of 1 Creation Unit	56,67,315
Value of Portfolio Deposit (physical Gold of 1 kg)	Rs. 59,43,092.35
Cash Component #	Rs. (2,75,777.35)

The above is just an example to illustrate the calculation of Cash Component. As can be seen from the above example, for Subscription of 1 Creation Unit, 1 kg of gold equivalent to Rs. 59,43,092.35 would be the Portfolio Deposit and Rs. (2,75,777.35) would be the Cash Component.

# Cash Component will vary depending upon the actual charges incurred like Custodial Charges and other incidental charges for creating Units.

**Procedure for Subscription in Creation Unit size**

The requisite physical gold constituting the Portfolio Deposit have to be submitted to the Custodian/AMC while the Cash Component has to be paid to the Custodian/AMC, if applicable. On confirmation of the same by the Custodian/AMC that the predefined quantity and purity of physical gold has been received, the AMC will transfer the respective number of Units of the Scheme into the Investor's Depository Participant accounts and pay the cash component.

The AMC may create Creation Unit prior to receipt of all or a portion of the relevant Portfolio Deposit and Cash Component in certain circumstances where the purchaser, among other things, posts collateral to secure its obligation to deliver such outstanding Portfolio Deposit and Cash Component.

The Fund may allow cash Purchases of Nippon India ETF Gold BeES in Creation Unit size by Large Investors and Authorised Participants. Additionally, in case of large investors, the execution value for direct Subscription / Redemption with the Fund shall be greater than Rs. 25 crores (except for Schemes managed by Employee Provident Fund Organisation (EPFO), India and Recognized Provident Funds, Approved Gratuity Funds and Approved Superannuation Funds under Income Tax Act, 1961, till April 30, 2024 or as specified in the Regulations time to time). Such Investors shall make creation request to the Fund/AMC whereupon the Fund/AMC will arrange to Purchase the underlying physical gold. The portfolio deposit and Cash Component will be exchanged for Nippon India ETF Gold BeES in Creation Unit size with the Fund. The minimum number of Nippon India ETF Gold BeES that can be Purchased for cash directly with the Fund will be announced by the Fund from time to time.

The Portfolio Deposit and Cash Component for Nippon India ETF Gold BeES may change from time to time due to change in NAV. The Fund may from time to time change the size of Creation Unit size in order to equate it with marketable lot of underlying physical gold and instruments.

Creation of Units in such Scheme will be done only after full sighting of cash / portfolio deposit in such Scheme accounts.

**Disclosure of Portfolio Deposit and Cash Component**

The AMC shall disclose on a daily basis the portfolio and Cash Component for creating and Redeeming Units in Creation Unit size for each Scheme. The same will be disclosed on our website i.e. [mf.nipponindiaim.com](http://mf.nipponindiaim.com) / [etf.nipponindiaim.com](http://etf.nipponindiaim.com), daily in the morning and would be applicable for creating and Redeeming Units in Creation Unit size for that Working Day only.

**B. On the Exchange**

As the Units of the Scheme are listed on NSE, an Investor can buy Units on continuous basis on the capital market segment of NSE during trading hours like any other publicly traded stock at prices which may be close to the actual NAV of the Scheme. There is no minimum investment, although Units are Purchased in round lots of 1 Unit.

**Ongoing Price for Redemption by Investors.**

This is the price you receive for Redemption.

Example : If the Applicable NAV is Rs. 10 Exit Load is 2% then the Redemption price will be :

$$\text{Rs. } 10 * (1 - 0.02) = \text{Rs. } 9.80$$

**A. Directly with the Fund**

Units of the Scheme in less than Creation Unit cannot be Redeemed directly with the Fund.

The Fund may from time to time change the size of the Creation Unit in order to equate it with marketable lots of the underlying instruments.

The number of Units of the Scheme that Investors can Redeem in exchange of the Portfolio Deposit and Cash Component are 1,15,000 Units and in multiples thereof. Additionally, in case of large investors, the execution value for direct Subscription / Redemption with the Fund shall be greater than Rs. 25 crores (except for Schemes managed by Employee Provident Fund Organisation (EPFO), India and Recognized Provident Funds, Approved Gratuity Funds and Approved Superannuation Funds under Income Tax Act, 1961, till April 30, 2024 or as specified in the Regulations time to time).

'Creation Unit' is a fixed number of Units of the Scheme, which is exchanged for Portfolio Deposit which consist of physical gold of defined purity and quantity and Cash Component. The facility of Redeeming Units in Creation Unit size will be available with the Authorised Participants (whose names will be available on the website of the Fund i.e. [mf.nipponindiaim.com](http://mf.nipponindiaim.com) / [etf.nipponindiaim.com](http://etf.nipponindiaim.com)) and Large Investors.

The Fund may from time to time change the size of the Creation Unit in order to equate it with marketable lots of the underlying instruments.

The value of the Creation Unit is 1 kilogram of physical gold or in multiple thereof called as the Portfolio Deposit and Cash Component which will be exchanged for the respective number of Units of the Scheme. Hence, the Investor will receive at least 1 kilogram of physical gold & in multiples of 1 kilogram thereof in order to Redeem Units of the Scheme. The Portfolio Deposit and Cash Component is defined as follows : -

- a. **Portfolio Deposit** consisting of physical gold which will be in predefined quantity and purity of physical gold and will be defined and announced by the AMC.
- b. **Cash Component for Redemption in Creation Unit Size:** Cash Component represents the difference between the Applicable NAV of Creation Unit and the market value of the physical gold as at the end of the previous day. This difference will represent accrued interest, income earned by the Scheme, accrued annual charges including management fees and residual cash in the Scheme. Any transaction cost charged by the Custodian/ Depository Participant and other incidental expenses for Redeeming Units will also form part of Cash Component. The Cash Component for Redemption will vary from time to time and will be decided and announced by the AMC to the Authorised Participants. The Cash Component will also include Exit Load, if applicable. The Exit Load will be declared by the AMC from time to time.

**Example of Creation/Redemption of Units**

As explained above, the Creation Unit is made up of 2 components i.e. Portfolio Deposit and Cash Component. The Portfolio Deposit will be determined by Fund. The Portfolio Deposit will be physical gold and will be for 1 kg and in multiples of 1 kg. The value of Portfolio Deposit will change due to changes in the prices during the day.

The Cash Component will be arrived in the following manner:

Number of Units comprising one Creation Unit	1,15,000
NAV per Unit	Rs. 42.9464
Value of 1 Creation Unit	Rs. 49,38,836
Value of Portfolio Deposit (physical Gold of 1 kg)	Rs. 51,28,330.30
Cash Component #	Rs. (1,89,494.30)

The above is just an example to illustrate the calculation of Cash Component. As can be seen from the above example, for Subscription of 1 Creation Unit, 1 kg of gold equivalent to Rs. 51,28,330.30 would be the Portfolio Deposit and Rs. (1,89,494.30) would be the Cash Component.

# Cash Component will vary depending upon the actual charges incurred like Custodial Charges and other incidental charges for creating Units.

**Procedure for Redemption in Creation Unit size**

The requisite number of Units of Nippon India ETF Gold BeES equaling the Creation Unit has to be transferred to the Fund's Depository Participant account and the Cash Component, if applicable to be paid to the AMC/ Custodian. On confirmation of the same by the AMC, the Custodian will transfer the Portfolio Deposit by handing over the physical gold of the predefined purity and quantity to the Investor and pay the Cash Component, if applicable.

The AMC may Redeem Creation Unit prior to receipt of all or portion of the relevant number of Units of Nippon India ETF Gold BeES in certain circumstances where the Unit holder, among other things, posts collateral to secure its obligation to deliver such outstanding Units of the Scheme.

Also, the Fund may allow cash Redemption of Nippon India ETF Gold BeES in Creation Unit size by Large Investors and Authorised Participants. Additionally, in case of large investors, the execution value for direct Subscription / Redemption with the Fund shall be greater than Rs. 25 crores (except for Schemes managed by Employee Provident Fund Organisation (EPFO), India and Recognized Provident Funds, Approved Gratuity Funds and Approved Superannuation Funds under Income Tax Act, 1961, till April 30, 2024 or as specified in the Regulations time to time). Such Investors shall make Redemption request to the Fund/AMC whereupon the Fund/AMC will arrange to sell physical gold on behalf of the Investor. Accordingly the sale proceeds of physical gold after adjusting necessary charges/costs and prevailing Exit Load will be remitted to the Investor. The minimum number of Nippon India ETF Gold BeES that can be Redeemed for cash directly with the Fund will be announced by the Fund from time to time.

The Portfolio Deposit and Cash Component for the Units of the Scheme may change from time to time due to change in NAV. The Fund may from time to time change the size of Creation Unit size in order to equate it with marketable lot of underlying physical gold and instruments.

The Redemption request can be made to the Fund in a duly filled Redemption form. Redemption Forms for Redeeming the Units of Nippon India ETF Gold BeES can be obtained from the office of AMC and Registrar and Transfer Agents.

**Procedure for Redemption in less than Creation Unit size**

Unit holders / investor other than Authorised Participants/Large Investors of an directly approach Nippon India AMC for transaction of up to INR 25 Cr and no Exit Load shall be charged for Redemption of Units if -

**7. Foreign Account Tax Compliance**

In accordance with the relevant provisions of the Foreign Account Tax Compliance Act ("FATCA") as contained in the United States Hiring Incentives to Restore Employment ("HIRE") Act, 2010, there is a likelihood of withholding tax being levied on certain income/ receipt sourced from the subjects of United States of America ("US") with respect to the schemes, unless such schemes are FATCA compliant.

In this regard, the respective governments of India and US have signed an Inter Governmental Agreement-1 (IGA) on July 9, 2015. In the terms of this proposed IGA, Nippon India Mutual Fund ("NIMF") and/ or Nippon Life India Asset Management Limited (NAM India / AMC) classified as a "Foreign Financial Institution" and in which case NIMF and/ or NAM India would be required, from time to time, to (a) undertake the necessary due-diligence process; (b) identify US reportable accounts; (c) collect certain required information/ documentary evidence ("information") with respect to the residential status of the unit holders; and (d) directly or indirectly disclose/ report/ submit such or other relevant information to the appropriate Indian authorities. Such information may include (without limitation) the unit holder's folio detail, identity of the unit holder, details of the beneficial owners and controlling persons etc

	<p>In this regard and in order to comply with the relevant provisions under FATCA, the unit holders would be required to fully cooperate &amp; furnish the required information to the AMC, as and when deemed necessary by the latter in accordance with IGA and/ or relevant circulars or guidelines etc, which may be issued from time to time by SEBI/ AMFI or any other relevant &amp; appropriate authorities.</p> <p>The applications which do not provide the necessary information are liable to be rejected. The applicants/ unit holders/ prospective investors are advised to seek independent advice from their own financial &amp; tax consultants with respect to the possible implications of FATCA on their investments in the scheme(s).</p> <p>The underlying FATCA requirements are applicable from July 1, 2014 or such other date, as may be notified. In case required, NIMF/ NAM India reserves the right to change/ modify the provisions (mentioned above) at a later date.</p> <p>The Fund / Trustees / AMC reserve the right to include / exclude new / existing categories of Investors to invest in the Scheme from time to time, subject to applicable Laws, if any.</p> <p><b>Rejection of the application:</b></p> <p>Subject to the SEBI Regulations and applicable Laws, any application for Units may be accepted or rejected at the sole and absolute discretion of the Trustees / AMC. For example and without limitations, the Trustees/AMC may reject any application for the Purchase of Units if the application is received from Investor to whom the Units cannot be lawfully or validly offered or by whom the Units cannot be lawfully or validly subscribed or any other additional administrative processes required with respect to such Investors or if the application is invalid or incomplete, or if, in its opinion, increasing the size of the Scheme's Unit Capital is not in the general interest of the Unit holders, or if the Trustees/ AMC for any other reason does not believe that it would be in the best interest of the Scheme or its Unit holders to accept such an application.</p> <p><b>Further information request by the AMC/Trustees:</b></p> <p>The AMC / Trustees may request Investors / Unit holders to provide verification of their identity or other further details as may be required in the opinion of the AMC / Trustees under applicable Laws. This may result in a delay in dealing with the applicants, Unit holders, benefits, distribution, etc.</p>

Investors who claim the unclaimed amounts during a period of three years from the due date shall be paid initial unclaimed amount along-with the income earned on its deployment. Investors, who claim these amounts after 3 years, shall be paid initial unclaimed amount along-with the income earned on its deployment till the end of the third year. After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education. The AMC will make a continuous effort to remind the investors through letters to take their unclaimed amounts. The details of such unclaimed redemption/IDCW amounts are made available to investors upon them providing proper credentials, on website of Mutual Funds and AMFI along with the information on the process of claiming the unclaimed amount and the necessary forms / documents required for the same. Further, the information on unclaimed amount along-with its prevailing value (based on income earned on deployment of such unclaimed amount), will be separately disclosed to investors through the periodic statement of accounts / Consolidated Account Statement sent to the investors. Further, the investment management fee charged by the AMC for managing the said unclaimed amounts shall not exceed 50 basis points.</p>
<b>Redemption</b>	<p><b>For Redemption request received directly with the Fund</b></p> <p>The Redemption or repurchase proceeds shall be initiate payment to the Unit holders within 3 Working Days from the date of Redemption or repurchase.</p> <p><b>Payment of proceeds</b></p> <p>The Fund will transfer the Redemption proceeds within 3 Working Days from the date of acceptance of the Redemption request. In case of exceptional situations listed in AMFI Circular No.AMFI/35P/MEM-COR/74/2022-23 dated January 16, 2023, redemption payment would be made within the permitted additional timelines.</p> <p><b>1. Resident Investors</b></p> <p>In case the Unit holder requests, Redemption proceeds will be paid by cheques, such cheques will be marked "A/c Payee only" and drawn in the name of the sole holder / first-named holder (as determined by the records of the Registrar / Depository).</p> <p>The Redemption cheque will be issued in favour of the sole / first Unit holder's registered name and bank account number, and will be mailed to the registered address of the sole / first holder as indicated in the original Application Form. The Redemption cheque will be payable at par. If the Unit holder is located outside the locations from where the cheque is payable at par, a demand draft payable at the city of his residence will be issued.</p> <p>The dispatch for the purpose of delivery through the courier / postal department, as the case may be, shall be treated as delivery to the Investor. The AMC / Registrar are not responsible for any delayed delivery or non-delivery or any consequences thereof, if the dispatch has been made correctly as stated in this paragraph.</p> <p>The Redemption proceeds may be paid by way of direct credit / NEFT / RTGS / ECS or any other manner to the Investor's bank account specified in the Registrar's / Depository's records.</p> <p>Note: The Trustees, at its discretion at a later date, may choose to alter or add other modes of payment.</p> <p><b>2. Non-Resident Indian Investors / FPIs</b></p> <p>Units held by NRI Investors, FPIs and FPIs may be Redeemed by such Unit holder by tendering Units to the AMC or for payment of maturity proceeds, subject to any procedures laid down by RBI from time to time. Provisions with respect to NRIs/ FPIs stated above, is as per the AMC/Trustee's understanding of the Laws currently prevalent in India and such Redemption proceeds will be remitted depending upon the source of investment as follows:</p> <p><b>(a) Repatriation Basis</b></p> <p>When Units have been Purchased through remittance in foreign exchange from abroad or by cheque / draft issued from proceeds of the Unit holder's FCNR deposit or from funds held in the Unit holder's Non Resident (External) Rupee account kept in India, the proceeds will be remitted to the Unit holder in Rupees for crediting to his NRE / FCNR / Non-Resident (Ordinary) account and the authorized dealer of the Unit holder will convert the payments in foreign currency.</p> <p><b>(b) Non-Repatriation Basis</b></p> <p>When Units have been Purchased from funds held in the Unit holder's non-resident (ordinary) account, the proceeds will be sent to the Unit holder's Indian address for crediting to the Unit holder's non-resident (ordinary) account.</p> <p>For FPIs, the designated branch of the authorised dealer may allow remittance of net sale / maturity proceeds (after payment of taxes) or credit the amount to the foreign currency account or non-resident Rupee account of the FPI maintained in accordance with the approval granted to it by the RBI.</p> <p>For item (a) and (b) above, the AMC / Trustees / Fund will not be liable for any delays or for any loss on account of any exchange fluctuations, while the authorized dealer converts the Rupee amount in foreign exchange in the case of transactions with NRIs FPIs.</p> <p>The Fund may make other arrangements for effecting payment of Redemption proceeds in the future.</p>

	<p><b>Effects of Redemption</b></p> <p>Units once Redeemed will be extinguished and will not be re-issued.</p> <p>As the Units of the Scheme are in demat form, the periodic holding statement issued by the Depository Participant (indicating the new balance to the credit in the account) would be deemed to be adequate compliance with requirements of SEBI regarding dispatch of statements of account.</p> <p><b>General Provisions</b></p> <p>As Units may not be held by any person in breach of the SEBI Regulations, applicable Laws or requirements of any governmental, statutory authority including, without limitation, exchange control regulations, the Trustees / AMC may mandatorily Redeem all the Units of any Unit holder where the Units are held by a Unit holder in breach of the same. The Trustees / AMC may also mandatorily Redeem Units held by Unit holders which the Trustees/ AMC, in their sole opinion, suspect to be engaged in market-timing or excessive trading or unfair or suspicious practices, or if the Trustees /AMC for any other reason believe that mandatory Redemption of such Unit holders would generally be in the interest of the Scheme or its Unit holders.</p> <p>In case an Investor has Purchased Units on more than 1 Working Day (either under during the NFO Period or during the Ongoing Offer Period), the Units Purchased prior in time (i.e. those Units which have been held for the longest period of time), will be Redeemed first i.e. on a first-in - first-out basis.</p> <p>For further details on Redemption also refer to Statement of Additional Information.</p> <p>The Trustees/ AMC may mandatorily Redeem Units of any Unit holder in the event it is found that the Unit holder has submitted information either in the application or otherwise that is false, misleading or incomplete without limitation to verifying their identity</p> <p>If a Unit holder makes a Redemption request immediately after Purchase of Units, the Fund shall have a right to withhold the Redemption request in accordance with the conditions provided in the Statement of Additional Information. However, this is only applicable if sufficient balance is not available in the Unit holders account to effect such a Redemption and the value of Redemption is such that some or all of the freshly Purchased Units may have to be Redeemed to effect such Redemption.</p>
<p><b>Delay in payment of Redemption / repurchase proceeds</b></p>	<p>The AMC shall be liable to pay interest to the Unit holders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum).</p>
<p><b>Settlement of Purchase / sale of the Units of Scheme on the NSE</b></p>	<p>Buying/Selling of Units of the Scheme on the NSE is just like buying/selling any other normal listed security. If an Investor has bought Units, then such Investor has to pay the Purchase amount to the broker/sub-broker such that the amount paid is realised before the funds pay-in day of the settlement cycle on the NSE. If an Investor has sold Units, then such Investor has to deliver the Units to the broker/sub-broker before the Securities pay-in day of the settlement cycle on the NSE. The Units (in the case of Units bought) and the funds (in the case of Units sold) are paid out to the broker on the payout day of the settlement cycle on the NSE. The NSE regulations stipulate that the trading member should pay the money or Units to the Investor within 24 hours of the payout.</p> <p>If an Investor has bought Units, then such Investor should give Standing Instructions for 'Delivery-In' to its Depository Participant for accepting Units in its beneficiary account. An Investor should give the details of its beneficiary account and the Depository Participant-ID of their Depository Participant to their trading member. The trading member will transfer the Units directly to the beneficiary account of the Investor on receipt of the same from NSE's clearing corporation.</p> <p>An Investor who has sold Units should instruct their Depository Participant to give 'Delivery Out' instructions to transfer the Units from their beneficiary account to the Pool Account of their trading member through whom they have sold the Units. The details of the Pool A/c (CM-BP-ID) of their trading member to which the Units are to be transferred, Unit quantity etc. should be mentioned in the Delivery Out instructions given by them to the Depository Participant. The instructions should be given well before the prescribed Securities pay-in day. SEBI has advised that the Delivery Out instructions should be given at least 24 hours prior to the Cut-off time for the prescribed Securities pay-in to avoid any rejection of instructions due to data entry errors, network problems, etc.</p>
<p><b>Rolling Settlement</b></p>	<p>The rolling settlement on T+2 basis for all trades has commenced from April 1, 2003 onwards. The pay-in and pay-out of funds and the Securities/Units takes place within 2 Working Days after the trading date.</p> <p>Further, Securities and Exchange Board of India (SEBI), on September 07, 2021, permitted Stock exchanges to introduce T+1 settlement cycle from January 01, 2022 on any of the securities available in the equity segment. Effective from January 27, 2023 all securities transitioned to T+1 rolling settlement in phased manner.</p> <p>While calculating the days from the Trading day (Day T), weekend days (i.e. Saturday and Sundays), Exchange holidays and bank holidays are not taken into consideration.</p>
<p><b>The policy regarding reissue of repurchased Units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.</b></p>	<p>Presently, AMC does not intend to re-issue the Units once Redeemed. The number of Units held by the Unit holder in his demat account will stand reduced by the number of Units Redeemed.</p>

<b>Suspension of sale and Redemption of Units</b>	Please refer SAI for further details in this regard.
<b>Restrictions, if any, on the right to freely retain or dispose of Units being offered.</b>	<p>As the Units of the Scheme will be issued in demat (electronic) form, the Units will be transferred and transmitted in accordance with the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time.</p> <p><b>Right to Limit Fresh Subscription &amp; Redemption</b></p> <p>In case the size of the Scheme increases to a level which in the opinion of the Trustees is not manageable, the Trustees reserve the right to stop fresh Subscription of Units in order to reduce the size to a manageable level.</p> <p>The Trustee reserves the right in its sole discretion to withdraw/suspend sale of the Scheme's Units temporarily or indefinitely, if it is viewed that increasing the size further may prove detrimental to the existing Unit holders of the Scheme. An order to Purchase the Units is not binding on and may be rejected by the AMC until it has been confirmed in writing by the AMC and payment has been received for the same.</p> <p><b>Right to Limit Redemption</b></p> <p>The Trustee and AMC may, in the general interest of the Unit holders of the Scheme under this Scheme Information Document and keeping in view the unforeseen circumstances / unusual market conditions, limit the total number of Units which may be redeemed on any Working Day for redemption requests of more than Rs. 2 Lakhs per folio at a scheme level. in any Scheme. In line with the Clause no. 1.12 of SEBI Master circular dated May 19, 2023 the following conditions would be applicable.</p> <ol style="list-style-type: none"> <li>a. Restriction may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as: <ol style="list-style-type: none"> <li>i. <b>Notes</b> 1. The Finance Act, 2012 provides for tax on long-term capital gains in case of non-residents @ 10% on transfer of capital assets, being unlisted securities, computed without giving effect to first & second proviso to section 48 i.e., without taking benefit of foreign currency fluctuation and indexation benefit. Listed Securities mean securities defined in clause (h) of section 2 of the Securities Contracts (Regulation) Act, 1956 (32 of 1956) and which are listed on any recognised stock exchange in India. Further, Finance (No.2) Act 2014 amends the definition of short-term capital assets for a unit of Mutual fund (other than equity-oriented fund). Accordingly, short term capital gain will be taxable if assets are held for less than 36 months, and Long-term Capital Gain would mean gain other than Short Term Capital Gain. The amendment is effective from July 11, 2014. <b>However, w.e.f. 1 April 2023, The Finance Act 2023 has removed indexation benefit on long term capital gain for the investment made in specified mutual fund schemes. In such a case, any capital gains would be considered as short term in nature and taxed as per applicable tax rate slab of the investor irrespective of the holding period. The Finance Act, 2020 introduced a new section 194K to provide that any person responsible for paying to a resident investor any income in respect of units of a Mutual Fund specified under clause (23D) of section 10 shall at the time of credit of such income to the account of the payee or at the time of payment thereof by any mode, whichever is earlier, deduct income-tax there on at the rate of 10%.				

3. Equity oriented funds has been defined under sections 10(38) of the Indian Income Tax Act 1961 as under  
 “Equity-oriented fund” means a fund —  
 (i) where the investible funds are invested by way of equity shares in domestic companies to the extent of more than sixty-five per cent of the total proceeds of such fund; and  
 (ii) which has been set up under a scheme of a Mutual Fund specified under clause (23D)  
 Provided that the percentage of equity shareholding of the fund shall be computed with reference to the annual average of the monthly averages of the opening and closing figures;”  
**Other than equity-oriented funds shall be construed accordingly.**
4. The expression “money market mutual fund” has been defined under Explanation (d) to Section 115T of the Act, which means a scheme of a mutual fund which has been set up with the objective of investing exclusively in money market instruments as defined in sub-clause (p) of clause (2) of the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996. The expression “liquid fund” has been defined under Explanation (e) to Section 115T which means a scheme or plan of a mutual fund which is classified by the Securities and Exchange Board of India as a liquid fund in accordance with the guidelines issued by it in this behalf under the Securities and Exchange Board of India Act, 1992 or regulations made there under.

**Aggregate Investments in the scheme by Board of Directors / Fund Managers / Other Key Personnel as on September 30, 2023**

Particulars	Aggregate Investments (Rs. in lakhs)
Board of Directors	nil
Fund Managers	nil
Other Key Personnel	11.44

**Note: Investment by Executive Director-cum-CEO is included in the aggregate investments by Other Key Personnel.**

**D. COMPUTATION OF NAV**

NAV of Units under the Scheme shall be calculated as shown below:

$$\text{NAV ( Rs.)} = \frac{\text{Market or fair value of Scheme's investments + Current assets - current liabilities and provision (including accrued expenses)}}{\text{No. of Units outstanding under Scheme on the valuation date}}$$

Example: If the applicable NAV is Rs. 10.00, sales/entry load if any is 2 per cent and the exit/repurchase load is 2 percent then the sales price will be Rs. 10.20 and the repurchase price will be Rs. 9.80.

The NAV of each Scheme will be calculated upto four decimals. The NAV shall be calculated and announced at the close of each Working Day.

The computation of NAV shall be in conformity with SEBI Regulations and guidelines as prescribed from time to time. The same will also be displayed on the website of the Mutual Fund (mf.nipponindiaim.com / etf.nipponindiaim.com) and on the website of AMFI (www.amfiindia.com) by 11.00 p.m. on every Working Day. In case of any delay, the reasons for such delay would be explained in writing to AMFI the following day. If the NAVs are not available before commencement of business hours on the following day due to any reason, the Mutual Fund shall issue a press release giving reasons and explaining when the Mutual Fund would be able to publish the NAVs.

Please refer to the SAI for information on the valuation of the assets of the Scheme.

#### **Valuation of Gold**

The Fund will invest in physical gold. The market price of gold in the domestic market on any Working Day would be arrived at as under:

Value of gold:

- (1) The gold held by the Scheme shall be valued at the AM fixing price of London Bullion Market Association (LBMA) in US dollars per troy ounce for gold having a fineness of 995.0 parts per thousand, subject to the following:
  - (a) adjustment for conversion to metric measures as per standard conversion rates;
  - (b) adjustment for conversion of US dollars into Indian rupees as per the RBI reference rate declared by the Foreign Exchange Dealers Association of India (FEDAI); and
  - (c) addition of –
    - (i) transportation and other charges that may be normally incurred in bringing such gold from London to the place where it is actually stored on behalf of the Fund; and
    - (ii) notional customs duty and other applicable taxes and levies that may be normally incurred to bring the gold from London to the place where it is actually stored on behalf of the Fund.

Provided that the adjustment under clause (c) above may be made on the basis of a notional premium that is usually charged for delivery of gold to the place where it is stored on behalf of the Fund.

Provided further that where the gold held by the Scheme has a greater fineness, the relevant LBMA prices of AM fixing shall be taken as the reference price under this sub-paragraph.

However, for days when the price as determined above is higher than the fair value price as determined by MCX spot price which reflects domestic price, the difference or discount shall be applied to arrive at fair valuation for the purpose of NAV computation. In case MCX spot is not available, we may use any other appropriate source as may be agreed upon by valuation committee to determine domestic price.

- (2) If the gold acquired by the Scheme is not in the form of standard bars, it shall be assayed and converted into standard bars which comply with the good delivery norms of the LBMA and thereafter valued in terms of sub-paragraph (1).

Domestic price of Gold = (London Bullion Market Association AM fixing in US\$/ounce X Conversion factor for converting ounce into kg for 0.995 fineness X rate for US\$ into INR) + Custom duty for import of gold + Sales Tax / octroi and other levies applicable.

Investors to note that the currency fluctuations (represented as the conversion factor above) can significantly affect the value of Gold in domestic Indian Rupees terms, and thus the performance of Nippon India ETF Gold BeES, as stated in the risk factor on "Currency Risk" set out in Section I(A) – "Scheme Specific Risk Factors" in this Scheme Information Document.

## IV. FEES AND EXPENSES

This section outlines the expenses that will be charged to the Scheme and also about the transaction charges to be borne by the Investors.

### A. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationery, bank charges etc.

As per the provisions of the SEBI Regulations, read with the amendments thereto, the entire NFO expenses were charged to the Scheme.

### B. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC would update the current expense ratios on the website of the mutual fund at least three working days prior to the effective date of the change. Further Actual Expense ratio will be disclosed at the following link <https://mf.nipponindiaim.com/investor-services/downloads/total-expense-ratio-of-mutual-fund-schemes>

The Scheme shall not incur any distribution expenses and no commission shall be paid by this scheme.

(# Expenses including listing fees charged under the said parameters shall be in line with the Regulation 52 of SEBI (MF) Regulations or such other basis as specified by SEBI from time to time.)

<b>Illustration – Impact of Expense Ratio on the Returns</b>	
<b>Value of Rs 1 lac on 12% annual returns in 1 year, considering 1% Expense Ratio</b>	
Amount Invested	100,000.00
NAV at the time of Investment	10.00
No of Units	10,000.00
Gross NAV at end of 1 year (assuming 12% annual return)	11.20
Expenses (assuming 1% Expense Ratio on average of opening and closing NAV)	0.11
Actual NAV at end of 1 year post expenses (assuming Expense Ratio as above)	11.09
Value of Investment at end of 1 year (Before Expenses)	112,000.00
Value of Investment at end of 1 year (After Expenses)	110,940.00

**Note:** Please note that the above is an approximate illustration of the impact of expense ratio on the returns, where the Gross NAV has been simply reduced to the extent of the expenses. In reality, the actual impact would vary depending on the path of returns over the period of consideration. Expenses will be charged on daily net assets.

These estimates have been made in good faith as per the information available to the Investment Manager based on past experience but the total expenses shall not exceed the limits permitted by SEBI. Types of expenses charged shall be as per the SEBI (MF) Regulations. The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the scheme will bear directly or indirectly.

Goods & Service tax on investment management and advisory fees, to the Scheme will be, in addition to the maximum annual recurring expenses that may be charged to the Scheme.

Goods & Service Tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit as per regulation 52 of the SEBI Regulations.

Mutual Funds/AMCs will annually set apart at least 1 basis points on daily net assets within the maximum limit as per regulation 52 of the SEBI Regulations for investor education and awareness initiatives.

However, no Investment Management fees would be charged on NAM India's investment in the Scheme. The Trustee Company, shall be entitled to receive a sum computed @ 0.05% of the Unit Capital of all the Schemes of NIMF on 1st April each year or a sum of Rs.5,00,000/- whichever is lower or such other sum as may be agreed from time to time in accordance with the SEBI Regulations or any other authority, from time to time.

The total expenses of the ETF scheme including the investment management and advisory fee shall not exceed One percent (1%) of the daily net assets and such other limits as stated in Regulation 52(6).

The above expenses are fungible within the overall maximum limit prescribed under SEBI (Mutual Funds) Regulations, 1996, which means there will be no internal sub-limits on expenses and AMC is free to allocate them within the overall TER.

The Incentives, if any, to Market Makers shall be charged to the scheme within the maximum permissible limit of TER as per Clause no. 3.6.1.4 of SEBI Master circular dated May 19, 2023.

In terms of Regulation 52(1) of SEBI (Mutual Funds) Regulations, 1996, all scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, will necessarily be paid from the scheme only within the regulatory limits and not from the books of AMC, its associate, sponsor, trustee or any other entity through any route. Provided that the expenses that are very small in value but high in volume may be paid out of AMC's books. Such expenses shall be paid out of AMC books at actuals or not exceeding 2 bps of respective scheme AUM, whichever is lower. List of such miscellaneous expenses may be provided by AMFI in consultation with SEBI or as specified/amended by AMFI/SEBI from time to time.

In addition to the limits specified in regulation 52(6), the following costs or expenses may be charged to the scheme as per new sub regulation 6A, namely-

- (a) Brokerage and Transaction costs incurred for the execution of trades may be expensed out in the scheme to the extent of 0.12 per cent of the value of trades in case of cash market transactions. Payment towards brokerage and transaction costs incurred for the execution of trades, over and above the said 0.12 per cent for cash market transactions may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Any expenditure in excess of the said prescribed limit (including brokerage and transaction costs, if any) shall be borne by the AMC or by the Trustee or Sponsors.
- (b) expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from such specific investors and cities as specified by the Board from time to time are at least -
  - (i) 30 per cent of gross new inflows in the scheme, or;
  - (ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from such cities is less than the higher of sub-clause (i) or sub-clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis:

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities.

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment;

The Fund will strive to reduce the level of these expenses so as to keep them well within the maximum limits allowed by SEBI. Expenses on an ongoing basis will not exceed the percentage of the daily net assets or such maximum limits as may be specified by SEBI Regulations from time to time.

## C. TRANSACTION CHARGES

### Deduction of Transaction charges for investments through Distributors / agents:

In accordance with Clause 10.5 of SEBI Master Circular dated May 19, 2023, the AMC/ Mutual Fund shall deduct transaction charges as per the following details from the Subscription amount. The amount so deducted shall be paid to the empanelled Distributor / agent of the Investor (in case the empanelled AMFI registered Distributor / agent has "opted in" to receive the transaction charge for this type of product) and the balance shall be invested in the Scheme.

#### (i) First Time Investor Across Mutual Funds

Transaction charge of Rs 150/- per Subscription of Rs 10,000/- and above will be deducted from the Subscription amount and paid to the Distributor / agent of the first time Investor and the balance shall be invested. For eg: If the Investor invests Rs 10,000 in the Scheme, then Rs 150/- would be paid to the Distributor and only Rs 9,850/- will be invested in the Scheme.

#### (ii) Existing Investor Across Mutual Funds

Transaction charge of Rs 100/- per Subscription of Rs 10,000/- and above will be deducted from the Subscription amount and paid to the Distributor / agent of the Investor and the balance shall be invested. For eg: If the Investor invests Rs 10,000 in the Scheme, then Rs 100/- would be paid to the Distributor and only Rs 9,900/- will be invested in the Scheme.

However, transaction charges in case of investments through SIF shall be deducted only if the total commitment (i.e. the amount per SIP

installment x No. of installments) amounts to Rs 10,000/- or more. The transaction charges shall be deducted after the 1st installment in 4 equal installments.

**(iii) Transaction charges shall not be deducted for :**

- (a) The amount per purchases /subscriptions is less than Rs. 10,000/-;
- (b) The transaction pertains to other than purchases/ subscriptions relating to new inflows such as Switch/STP/ TIDCWP, etc.
- (c) Purchases/Subscriptions made directly with the Fund through any mode (i.e. not through any distributor/agent).
- (d) Subscription made through Exchange Platform irrespective of investment amount.

**D. LOAD STRUCTURE**

Entry Load - Not Applicable

Exit Load - Not Applicable

For the current applicable structure, please refer to the website of the Mutual Fund, [mf.nipponindiaim.com](http://mf.nipponindiaim.com) / [etf.nipponindiaim.com](http://etf.nipponindiaim.com) or call at Customer Service Centre at 1860-266-0111 (charges applicable), and Investors outside India can call at 91-22-69259696 (charges applicable) or your distributor.

There is no Entry/Exit Load for creation/Redemption of the Units of the Scheme in Creation Unit size. However, during the process of creation/Redemption there will be transaction costs, other incidental expenses and equalization of Dividend and this will form part of the Cash Component.

The Fund may also allow Cash# subscription /redemption of Nippon India ETF Gold BeES in creation unit size by large investors. No entry or exit load will be levied on transactions with Authorized Participants and Large Investors during NFO or continuous offer.

Investor other than APs/Large investors can directly approach AMC for transaction of up to INR 25 Cr and no exit load shall be charged for redemption of units if:

- a) The traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days; or
- b) No quotes are available on stock exchange(s) for 3 consecutive trading days; or
- c) Total bid size on the exchange is less than half of creation units size daily, averaged over a period of 7 consecutive trading days.

In such a scenario valid application received up to 3 p.m. the Mutual Fund shall process the redemption request basis the closing NAV of the day of receipt of application.

Such instances shall be tracked by NAM India on an ongoing basis and in case if any of the above mentioned scenario arises the same shall be disclosed on the website of Nippon India Mutual Fund i.e. [mf.nipponindiaim.com](http://mf.nipponindiaim.com)

For any change in load structure NAM India will issue an addendum and display it on the website/Investor Service Centres.

#RTGS, NEFT or transfer cheque.

Any change in the Load structure shall apply on a prospective basis and in no case the same would affect the existing Investors adversely. The Investor is requested to check the prevailing Load structure of the Scheme before investing. For any change in Load structure, AMC will issue the notice and display it on the AMC Website / Investor Service Centres.

The Mutual Fund may charge Load within the stipulated limit of 7% and without any discrimination in favor of any specific group of Unit holders. The AMC will ensure that the Redemption Price will not be lower than 93% of the NAV and difference between the Redemption Price and Purchase Price will not exceed 7% calculated on the Purchase Price.

No entry or exit load will be levied on transactions with Authorized Participants and Large Investors during NFO or continuous offer.

Please note that the AMC reserves the right to modify or alter the Load structure of the Scheme subject to maximum limits prescribed under the SEBI Regulations.

In the event of a change of Load structure, the AMC will take following steps:

- i. The addendum detailing the changes shall be attached to SID and KIM. The addendum will be circulated to all the distributors so that the same can be attached to all SID and KIM already in stock.
- ii. Arrangements shall be made to display the changes/modifications in the SID in the form of a notice in all Investor Service Centres and distributors/brokers offices.
- iii. The introduction of the Exit Load along with the details shall be stamped in the acknowledgement slip issued to the Investors on submission of the Application Form and may also be disclosed in the statement of accounts issued after the introduction of such Load.
- iv. A public notice may be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the head office of the Fund is situated.
- v. The Fund shall display the addendum on its website ([mf.nipponindiaim.com](http://mf.nipponindiaim.com) / [etf.nipponindiaim.com](http://etf.nipponindiaim.com)).

**E. WAIVER OF LOAD FOR DIRECT APPLICATIONS**

As per SEBI Regulations, no Entry Load shall be charged for existing/prospective Investors of the Scheme.

## IV. RIGHTS OF UNITHOLDERS

Please refer to SAI for details.

### VI. PENALTIES, PENDING LITIGATION OR PROCEEDINGS, FINDINGS OF INSPECTIONS OR INVESTIGATIONS FOR WHICH ACTION MAY HAVE BEEN TAKEN OR IS IN THE PROCESS OF BEING TAKEN BY ANY REGULATORY AUTHORITY

1. All disclosures regarding penalties and action(s) taken against foreign Sponsor(s) may be limited to the jurisdiction of the country where the principal activities (in terms of income / revenue) of the Sponsor(s) are carried out or where the headquarters of the Sponsor(s) is situated. Further, only top 10 monetary penalties during the last three years shall be disclosed.

NIL

2. Details of settlement, if any, arrived at with the aforesaid authorities during the last three years shall also be disclosed.

Not Applicable

3. Details of all enforcement actions taken by SEBI in the last three years and/ or pending with SEBI for the violation of SEBI Act, 1992 and Rules and Regulations framed there under including debarment and/ or suspension and/ or cancellation and/ or imposition of monetary penalty/ adjudication/enquiry proceedings, if any, to which the Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company and/ or any of the directors and/ or key personnel (especially the fund managers) of the AMC and Trustee Company were/ are a party. The details of the violation shall also be disclosed.

There was no enforcement actions taken by SEBI in the last three years and/ or pending with SEBI for the violation of SEBI Act, 1992 and Rules and Regulations framed there under including debarment and/ or suspension and/ or cancellation and/ or imposition of monetary penalty/ adjudication/enquiry proceedings, if any, to which the Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company and/ or any of the directors and/ or key personnel (especially the fund managers) of the AMC and Trustee Company were/ are a party except the below investigation

There is an ongoing investigation by SEBI with respect to Nippon India Mutual Fund's (formerly Reliance Mutual Fund) investments in AT1 bonds issued by Yes Bank Limited.

4. Any pending material civil or criminal litigation incidental to the business of the Mutual Fund to which the Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company and/ or any of the directors and/ or key personnel are a party should also be disclosed separately.

In terms of the SEBI [Mutual Fund] Regulations, 1996 (as amended from time to time), the mutual fund schemes are permitted to invest in securitized debt. Accordingly, investments in certain Pass Through Certificates ("PTC's") of a securitization trust ("the Trust") were made through some of schemes of Nippon India Mutual Fund ("the Fund"). The returns filed by few of these securitisation Trusts whose PTCs were held by the Fund were taken up for scrutiny by the Income Tax Authorities which raised demand initially on the Trusts. However, on failure to recover, the Income Tax Authorities sent the demand notices to the Fund for Assessment Years 2009-10 and 2010-11. The Fund in consultation with its tax & legal advisors has contested the applicability of such demand and proceedings there on are still pending. It may be noted that this is a matter, which is not restricted only to the Fund but is an Industry issue. Accordingly, through the Association of Mutual Funds in India (AMFI), the matter has also been appropriately escalated to the Ministry of Finance, in order to seek necessary clarifications, reliefs and if required, to carry out necessary amendments to the relevant provisions of the Income Tax Act, 1961. In addition to the above the AMC is party to certain litigations in various courts, commissions etc. which are in ordinary course of business & have no material impact.

5. Any deficiency in the systems and operations of the Sponsor(s) and/ or the AMC and/ or the Board of Trustees/Trustee Company which SEBI has specifically advised to be disclosed in the SID, or which has been notified by any other regulatory agency, shall be disclosed.

There was no deficiency in the systems and operations of the Sponsor(s) and/ or the AMC and/ or the Board of Trustees/Trustee Company which SEBI has specifically advised to be disclosed in the SID, or which has been notified by any other regulatory agency.

This scheme was approved by the Trustees by a resolution by circulation dated March 1, 2005. This version of SID has been updated in line with the current Laws and SEBI Regulations.

**Notwithstanding anything contained in this Scheme Information Document, the provisions of the SEBI (Mutual Funds) Regulations, 1996 and the guidelines there under shall be applicable.**
